Chan Sui Ki (La Salle) College
4 Sheung Wo Street
Homatin
KOWLOON
HONG KONG

Dear Brothers, teachers, students, parents, and other collaborators of the educational community of Chan Sui Ki (La Salle) College,

I received your letter in which you informed me that in 2009 you will celebrate the 40th anniversary of the inauguration of Chan Sui Ki (La Salle) College. I wish to share my most sincere congratulations for your work of human and religious formation and for your continual and generous participation in the Lasallian Educational Mission. I share these congratulations with all the members of this establishment who currently contribute to the running of the school and with all those who have done so over the course of 40 years.

This centre recalls the memory of Mr. Chan Sui Ki, a notable member of the city of Hong Kong and a generous collaborator in various social works, as well as other members of the Chan family. Their zeal for the education of youth along the path initiated by Saint John Baptist de La Salle, in collaboration with the Brothers, resulted in this ministry, an admirable example to be followed by coming generations. To all those who, along with Mr. Chan Sui Ki, his family and the Brothers of the Christian Schools, have cooperated in this wonderful and important labor I send my admiration and my gratitude.

Please know that you may count on my remembrance and my spiritual closeness during the year of celebration. May God bless all new generations of young people and children who will attend this school centre, and may God assist all its teachers and collaborators, so that the Lasallian mission may continue to develop for many years to come.

As well as my wishes for a happy celebration I send you also my most cordial greetings.

Bro. Álvaro Rodríguez E.

## Unity & Development
1969-2009

MR. SZE KIN-KWAN *Principal*

The celebration of Chan Sui Ki (La Salle) College's 40th Anniversary calls my attention to gratitude. We are much indebted to our La Salle Brothers and the retired principals and teachers who passed on a heritage of good values, effective practices and plenty resources. With the vision of touching hearts from Saint De La Salle, CSK Lasallians have a strong spirit of faith, zeal and community. It is with this Lasallian spirit that CSK aims at forming a learning community to help students in acquiring knowledge and to nurture among students a strong commitment to serving people. We deeply believe that every student has good potentials and that whole-person education will help them to excel in the future. We wish to provide students with great exposure to religious, moral, physical, social and aesthetic areas. We trust that our students are more capable than many others when facing challenges.

We are much obliged to our old boys who give loyalty to their alma mater. In the Wall of Fame newly set up in the school campus, we display a list of some successful old boys who are role models for our students. In fact, the list is incomplete and we will list out more in the days to come. Their impressive achievements makes CSK shine bright in the world. The 40th anniversary celebration is to honor our old boys and hope they will continue to be a strong support to the school.

We are thankful to our current teachers. In order to meet the demand of the new educational reform, we have been striving hard to improve the school in the following areas: management and organization, school facilities, information technology, subject curriculum, student activities and relationship with parents, old boys and the community. Today, with teachers' collaboration, we have confidence that the school is ready for the new educational era.

We are also grateful to students, their parents and friends of CSK. It is with their great endeavors that CSK continues to improve and students continue to make achievements in both academic and non-academic activities. With the support of all stakeholders, the 40th anniversary is memorable. Together let's cheer the theme of "Heritage, Unity and Development" as stated in our open day celebration.

# CHIEF EDITOR'S MESSAGE

**Kong Ka-yung**
*Chief Editor*

It is always interesting to look back at the things that we have gone through in our lives. Now, reviewing my seven-year secondary school life, what I must confess is that I would not have had such a magnificent school life had I not entered CSK. I love the unity of this school. I love the students' eagerness to face challenges in this school. I love the equal emphasis of games and studies by this school. I love everything about this school.

My brain is full of memories about my life in CSK for more than a decade, since 1997 when I joined the 205th Kowloon Scout Group by this school. At the time I started my life here, I was just an ordinary child, without knowing what I should be or what I should go for. During the seven years of study, I had come across many things and experienced a lot. To me, CSK is not only a place to acquire knowledge. CSK exposed me to different kinds of experience, through which I started to realize what life should be. It had shown me the importance of setting goals and being fearless when facing challenges. Without the things I learnt here, I would not be a promising student like what I am now. I must avail myself of this chance to thank all the teachers, old boys, parents and students in CSK who let me know the way to lead a meaningful life.

Time flies and it comes to the 40th Anniversary of my beloved school this year. I feel more than pleased to witness the amazing achievements and development of CSK in the past decade. Even more fortunately, I feel honoured to participate in the 40th Anniversary celebration by taking the post as the Chief Editor of this commemorative issue.

The theme of this issue is 'Strong in Unity'. Doubtless, we are excellent all because we stand together as one. Unity is the character that distinguishes Boys in Red from others. I used to be a member of Football, Athletic and Debate Team of CSK. Whenever I was competing for CSK, there were always support from team mates next to you, and from our boys far on spectator stands. Their words and cheering are like injecting energy into me so that every time I can perform the best I can. It leads to miracles. It brings victories.

The same rule applies to the production of this issue. If I had not had a united Editorial Board, where its members are all willing to give up their holidays and leisure time for this publication, this commemorative issue could not have been published. Thus, I want to take this opportunity to thank our principal, all the teachers and student editors who devote themselves to this publication. I must offer special thank to my partner, Chan Ho-yan, for both his leadership and support to the whole Editorial Board.

Our Editorial Board strives to publish a perfect commemorative issue. Regrettably, imperfection is inevitable. Confined by the limited sources of information, presumably we make mistakes. Please kindly accept my apology for any mistake made in this issue.

I cordially hope that this issue is reminiscent of your precious secondary school life in CSK. Please enjoy reading.

**Chan Ho-yan**
*Chief Editor*

Time and tide really wait for no man, the day I stepped into the F.1 classroom was just like yesterday. When I was twelfth I entered CSK and knew only a little, however in these seven years of study, many teachers and schoolmates helped nurture me by showing me their caring and loving heart. We need help from different people as we grow, so do our school. Everyone should try his best to contribute to their alma mater once they have a chance. Having helped in the production of the school magazine, my partner, Kong Ka-yung, and I were invited again to be the Chief Editors to publish a booklet to mark the importance of the 40th anniversary of our school.

Producing a commemorative issue is far more difficult than producing a school magazine because we need to make sure that every little detail is correct and gives no wrong information to our readers. We have started our work two years ago and have flipped through school magazines of these forty years for countless times. As our editors still have normal schooling and people are now studying in different institutions, we found it difficult to have regular meetings.

Every CSK boy has good understanding of our culture as well as our core values. There is such a line in the lyrics of the school song, 'Hail to alma mater, strong in unity.' I believe that just because we are united, we could come across the difficulties and work in a team. We have given up our holidays and spare time to sit down and work out for plans and betterment of the booklet. Finally, we have decided to adopt 'Strong in Unity' to be the theme of this issue because it accurately reflects our faith. Being a part of CSK, I sincerely urge every one of our boys to get involved in the development of our school, no matter by volunteering work or financial assistance. It is very important to learn how to give after you had received because our school cannot have existed for such a long time if it lacks help from our alumni.

Since this is the first time ever our school produce a commemorative issue apart from the school magazine which is published annually, it is inevitable that there may be mistakes made by our editors. Please accept our apologies because sources for reference are limited and we had already tried our very best to look for the correct information.

At last, I would like to take this opportunity to thank all the readers who have supported us by enjoy reading this commemorative issue. My partner, Kong Ka-yung has been my classmate since primary three in CSK (La Salle) Primary School and now we are still working to produce the booklet, I must thank him for his devotion to the publication work as well as his patience and invaluable ideas. Credits should also go to our principal, Mr. K. K. Sze, Mr. H. T. Tang, and other teacher advisors and friends who have contributed themselves to the work of this booklet.

I sincerely hope that this commemorative issue will bring back your pleasant memories and may peace, love and joy be with you forever.

# EDITOR'S MESSAGE

### Chan Cheuk-hong *Senior Editor*

It is my great honour to participate in the production of this memorable 40th anniversary commemorative issue even I have graduated. I gained much acquaintance with the glorious history of CSK in the past during my job of pride. I wish CSK every success in the future so that this golden record could be continiously refreshed.

### Lau Ka-shing *Senior Editor*

'We are the boys in red'
These words came into my mind when I am writing this message. The word 'red' is not only the colour of our cardigan, but also represents the CSK spirit. It is my pleasure to have helped in telling the story of CSK in the past forty years to people who may not know much about us.

Forty years of history comprises a long history of the school, passion of teachers and unity of students. I do believe that the passion and unity will last forever and the story of CSK will never come to an end.

### Lo Tak-chung *Senior Editor*

Insensibly, I have left CSK for few months. Every moment in CSK is memorable and valuable. My alma mater is not just a learning place but gives me friendship and opportunities to demonstrate what I have learnt. The La Salle Spirit --- 'Never Say Die' has already been my motto. These are the precious and treasured experiences I have had over the past seven years.

It is my honour to celebrate the 40th anniversary of our school and dedicate myself to producing this commemorative issue. It is a chance for all the 'boys in red' to learn the endeavor CSK has done and pass on our unique spirit and culture. I believe that you would enjoy reading this book.

### Chan Shun-hei *Editor*

After my seven years of secondary education, I realize that CSK is not just a place for study, it has become part of my life. I am proud to have been a member of the 'boys in red' because this big family gave me a lot during these years. CSK has provided me friendship, leadership skills, book knowledge and many other valuable experiences. Even now, CSK still offer a lot of opportunities for me to learn and to practise.

It is my pleasure to get involved in the 40th anniversary of Chan Sui Ki (La Salle) College by devoting myself to this commemorative issue. This is a good chance to promote our spirit, legend and culture to all CSK boys. In addition, you may find many interesting articles in this booklet that cast you back to your school life. Hope you enjoy reading this issue!

### Yiu Kin-man *Chief Photographer*

The five years that I have spent in CSK passed really insensibly. However, when compared with the forty years of history of CSK, my five-year story is still trivial. In fact, every great painting is formed by myriads of tiny drops of paint.

The sweats of all the Boys in Red are the paint drops. They use them to paint out the achievements of CSK. I am proud of them all.

It is just a school building surrounded by the Red Light Hill, yet it has stored the precious memories of our young age.

We had happy moments here; and shed tear here as well. Here is the place I grow up. Here is the place I belong to.

# HISTORY OF CHAN SUI KI (LA SALLE) COLLEGE

Official inauguration on 12th February, 1970

Rev. Father Colombo P.P., guest for the blessing ceremony

Founder of our school, Rev. Bro. Herman delivering a speech at the ceremony

The Hon Mr. J. Canning, our guest of honour

In order to accommodate more students, in 1964 the La Salle Brothers had set up the La Salle Evening School using the same classrooms and premise of the day school on Boundary Street. Students of the evening school attended lessons right after the dismissal of the day school from 3:30p.m. to 8:00p.m. In 1965, the person-in-charge, Mr. David Liao (廖日新) stepped down and Brother Herman Fenton took up the post as the principal.

However, the La Salle Brothers soon discovered that the operation of the La Salle Evening School had a negative impact on La Salle College. Since most of the teaching staff of the day school also took up teaching post for the evening school, the staff was unable to have usual meetings and other functions like overseeing sports teams and interest clubs. This situation had lasted for two years until the Chan family approached the La Salle Brothers for a donation for a school in April, 1967.

Mr. Chan Sui-ki's sons were past students of the Jesuit Father's school and they would like to support a school by making donations to its construction. Due to the many other commitments the Jesuits declined the offer but they recommended the La Salle Brothers to take it. In May 1967, the civil unrest in mainland China began to felt in Hong Kong and there were riots and bomb explosions over the territory. The government thus imposed a curfew under which everyone had to stay indoor after 6:00p.m. This had greatly affected the operation of the evening school and therefore the La Salle Brothers accepted the donation so that the affected students could soon attend lessons in a new day school. The Education Department granted them a site in Ho Man Tin together with 80% of the construction cost of the main school building. The Chan family then agreed to bear the rest of the cost – HK$500,000. The school is named after their father, Mr. Chan Sui-ki, who was a successful merchant.

Finally in 1969, Chan Sui Ki (La Salle) College commenced and 553 students from the previous La Salle Evening School were transferred to the new school premise. The school had 30 teachers and several brothers, headed by Brother Herman Fenton as the first principal and founder. The official inauguration and blessing ceremony was held on 12th February, 1970 with Rev. Father Colombo P.P. and Director of Education, the Hon Mr. J. Canning being the guests.

# SCHOOL SONG

At the time of establishment of CSK, an Irish cheering song was used as our school song. We used that song until 1976. That year, our music teacher Mr. Li Chau-yuan composed the current school song, while the lyrics were written by our principal Rev. Bro. Eugene.

School Song (1969 – 1975)

Cheer cheer for our own school

Wake up the echoes, cheering her name

Send forth a volley of shouts on high

Bring down the thunder from out the sky

What though the odds be great or small

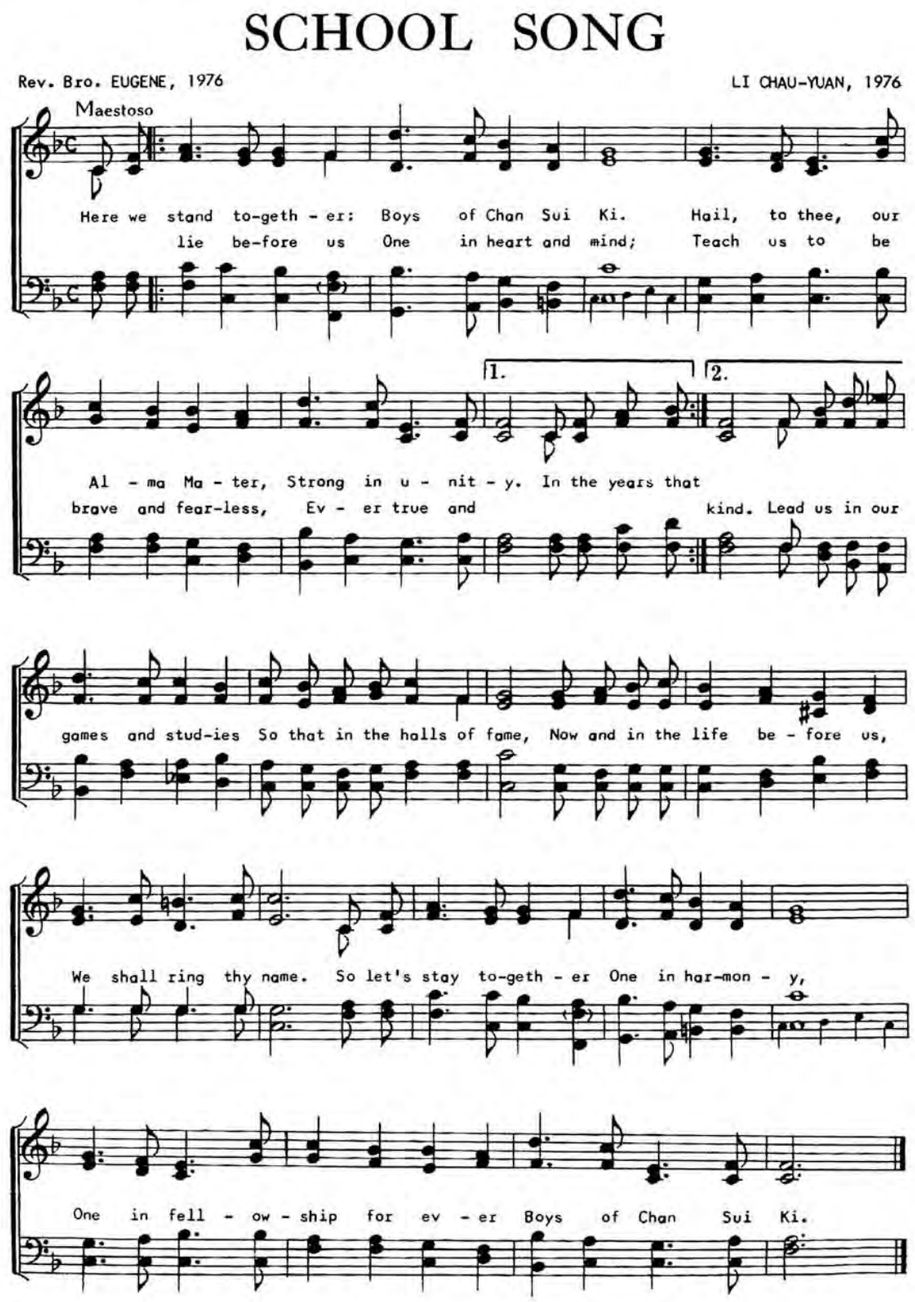
CSK will win over all

While her loyal sons go marching

Onward to victory!

Rah! Rah! Rah!

School Song (1976-present)



# SCHOOL BADGE

As the former La Salle Evening School, the school badge of CSK was derived from that of La Salle College. It represents our school and more importantly, symbolizes the spirits of CSK. As we can see from the badges here, there are mainly two fields, which represent:

- **The light of knowledge** *(the lamp on upper side)*
- **Our founder, St. John Baptist de La Salle** *(the Chevrons on lower side)*

School badge with differentiated leave branches

On the upper side, there is a lamp, which also appears in the La Salle Badge. A lamp has long been used for symbolizing the light of knowledge. In fact, it represents the process of learning that the La Salle educators encourage us, students of CSK, to go through.

On the lower side, the chevrons are another important part of the La Salle Badge. Chevrons are the symbol of firmness and constancy. Originally used for indicating ranks on military uniforms, the chevrons have become the symbol of the La Salle family as recognition of our members spending their whole lives on education and services since the 17th century.

Current design of school badge

Badge for school teams

The badge for sports department was actually a simplified version of our school badge designed by Rev. Bro. Eugene. This has been used on sportswear of our school teams and PE uniform since the very beginning of our school.

# VISION AND MISSION

## VISION

- Our vision is touching hearts.
- We believe that our students are capable of developing their potentials to the fullest through our Lasallian spirit. This spirit moves us to touch the hearts of the children confided to our care.
- Our Lasallian spirit centres around faith, zeal and community.

### The spirit of faith:

- We propose Jesus Christ as 'the way, the truth and the life' while respecting other spiritual traditions.
- We respect each of our students as made in the image and likeness of God.
- We seek to follow our school motto 'Laus Deo Semper', praising God always.

### The spirit of zeal:

- We are to teach the children with diligence, enthusiasm and dedication.
- We are to take care of the students both inside and outside the classroom.
- We are to be role-models, practising what we preach.

### The spirit of community:

- We are to be like older brothers and sisters to our pupils.
- We are to promote unity and harmony and avoid division and intolerance within our school community.
- In touching the hearts of our students, we are to behave in a way both firm but kind.

## MISSION

- Our mission is the human and Christian education of youth with particular care for the poor or needy.
- We want to form a school community which puts the highest human and Christian values within reach of everyone so that we can become persons of integrity, eager to serve others.
- We provide students with an all-round education that includes areas of moral, academic, physical, social and aesthetic development.

# OUR Heritage

# SCHOOL UNIFORM

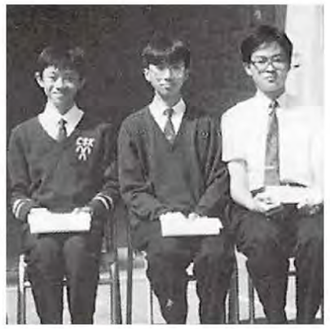
Our boys have been wearing white shirt and black trousers as school uniform since the establishment. Here are the changes of the school uniform.

## 1969

At the early ages, our boys wore cardigan with buttons, and the stripes were at the edges of both sleeves.

## 1981

Our school produced new cardigans with no buttons.



## 1992

Students were allowed to wear cardigan with no stripes, but a school badge must be worn or sewn.

## 1999

New cardigan produced with chevrons sewn and white stripes at neck.

## 2007

New water-proof and heat insulation '2-in-1 jacket' was produced.

To promote the sense of belonging to our sportsmen, our school has also produced various types of sports uniform and school team tracksuits.

## 1970

At the very beginning, our sportsmen wore vests with chevrons.

## 1974

New vest produced with school badge sewn.

## 1978

The school badge was moved to the middle of the vest.

## 2004

New PE tracksuit produced, all students can wear for PE lessons when weather is cold.
(The very first PE tracksuit was produced in the early 90's, however, no picture could be found)

## 2004

New tracksuit produced for school team members.

## 2006

New running vest produced for athletes.

# SCHOOL FACILITIES

The main school building has been in use since the establishment in late 1960's. In the past, our school has undergone some major renovations. These include several repainting and repairing works. In late 90's and 2000, air-conditioners were installed in all the classrooms and special rooms with donations from parents and old boys.

*Dr. Felix Yip Building*

To further facilitate the provision of quality education, the government granted the school funding to construct a 9-strorey building in 2001. The new annex was inaugurated in 2005 and has added many new function rooms to our school. Our old boy, Mr. Felix Yip, has donated a million to our school and the new annex is named after him as a token of gratitude for his support.

## Open playground

There are two basketball courts and one football field. In the past, the playground was of concrete surface which poses danger to users. Therefore it was resurfaced in 2000. The project took 6 weeks to be finished and the coloured surface makes the playground a more energetic place for student to have ball games.

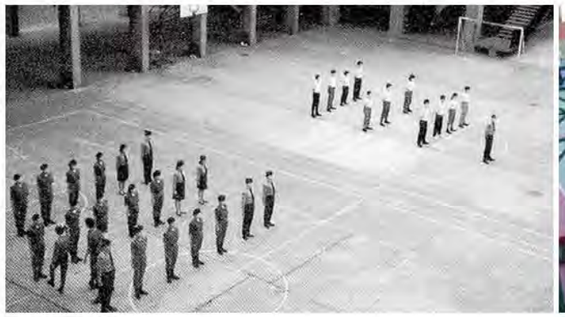
*Different angles of the covered playground*

## Covered playground

The covered playground is a good place for teachers and students to watch football matches. Due to limited spaces, it is also used as teachers' car park. In 2007, a new La Salle Brother's statue was set up to mark the importance of his birth.

For another corner of the covered playground, F.7 boys used to line up there every morning, however, our school was short of classrooms, therefore in 1997, two more classrooms were built there. After the completion of new annex which has provided more new classrooms, the two rooms on ground floor has become the Student Association Room and Fitness Room. Outside the rooms there is a small garden with trees planted.

*Small garden*



*Place where students gather to have fun*

*Student Association Office*

# SCHOOL FACILITIES

## Canteen:

The canteen is on ground floor, under the school hall. Over the past twenty years, it has operated by the Cheung family. In 2007, Vitaland has taken up the operation and the canteen was renovated.

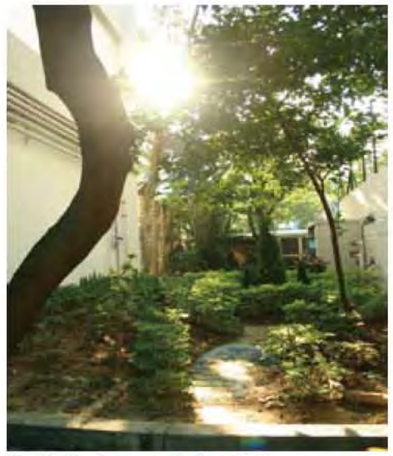
*PE Department Office*

*PE Store Room in the past, it has been renovated to be the SA Office and now the office for prefects*



*Sui Ki Garden opened in late-2005*

# SCHOOL FACILITIES

## School Hall:

The school hall is an individual complex attached to the main building. It has been in use since 1969. Some maintenance has been carried out in the past. In 2006, the school hall was named 'Hall of Gratitude' (頌恩堂) after Mr. Ambrose Wong, an old boy, has made a donation of HK$300,000.

*There used to be a lot of flags at the back of the school hall. In 2008, they were removed and replaced by some wall paintings.*

## Study Room:

It was a staff room which accommodated about 25 teachers. With the School Improvement Project, there was a new staff room on 3/F and this room has become a study room as well as a supportive classroom.

*Study Room at present*

## Medical Room & Social Worker's Room:

Next to the old 1/F Staff Room, it has long been a common room for both staff and students. Members of Red Cross provided first aid service there in the past. A small room was constructed to be the office for the school social worker later.

# SCHOOL FACILITIES

## CAL Room:

Opposite to the library is a computer room which was constructed during the SIP project in 2005. New desktop computers are available and mainly senior form students use the room for their Computer Studies lessons.

## 2/F Staff Room:

Used to be the music room, it was relocated to the 5/F and the original music room on the 2/F has become a staff room in order to accommodate more teaching staff.

It was then refurbished in 2005 with the SIP Project.

*After refurbishment in 2005*

## Rev. Bro. Eugene Sharkey F.S.C. (1926-1994) (68 years of age)

Home country: Ireland

Arrived at Hong Kong: 1953

Terms of office in CSK:

Vice Principal: 1969-1970

Acting Principal: Apr 1970 – Aug 1970

Principal: 1970-1991

Supervisor: 1972-1991

Subjects taught: English, Ethics

No one could deny that Bro. Eugene was a great leader of our school. He erected CSK. He united our students and strengthened our spirit. With this unity, CSK became stronger and stronger.

Rev. Bro. Eugene F.S.C., with his original name James Sharkey, was born in Co. Donegal, Ireland on 25th February 1926. In 1942, he entered the Brothers' Novitiate. To his voluntary participation in missionary work overseas, he was sent to the Far East and started his 47 years of service in this region. Eventually in 1953, he came to Hong Kong as a teacher of La Salle College. Subsequent to his sixteen-year service in LSC, he and Bro. Herman co-founded a new school in Homantin for the La Salle evening school students – Chan Sui Ki (La Salle) College.

At the early age of CSK under his leadership, he had already suggested to our boys that 'CSK set out to win its own laurels in the tradition of Brothers' school rather than be content to bask in borrowed glory'. Moreover, it was his emphasis that our boys should excel at studies, games, cultural activities, social and religious responsibility. Unquestionably, he was a prominent principal of our school who had the insight into the importance of all round education to the development of students.

His leadership spotlighted sportsmanship. Bro. Eugene was a very successful coach in athletics, and trained the long-winning athletes in St Michael's

College in Malaysia, and later the champion athletes in La Salle College. Under his principalship, our sports teams always brought trophies home. As early as in school year 73-74, our excellence in sports was recognized and we obtained our first Omega Rose Bowl – Most Progressive Award (Boy Schools) from the Hong Kong Schools Sports Association. In fact, CSK had captured five out of the total six Omega Rose Bowls during the twenty-one-year service of his brilliant leadership.

The victories did not come easily. Despite the effort by the sportsmen, support from others should never be neglected. The energetic Bro. Eugene was the person who gave the greatest support. He attended almost all the matches whenever he was available. It was also his idea to have an early dismissal of classes on the day of Inter-school Athletics Meet, enabling our students to go and cheer for our own school.

As an old saying goes, many a little makes a mickle. That explains why Bro. Eugene attached extreme importance to unity. The following would not be unfamiliar to almost all the students of CSK – 'our Alma Mater, strong in unity', 'Let's stay together, one in harmony, one in fellowship forever, Boys of Chan Sui Ki'. These are the lyrics of our school song, written by him in 1976. These exactly reflect what he wanted to stress, what he wanted all of the CSK students to know – Unity, the spirit shared between all Boys in Red.

Unity in his mind was not confined within the school, but extended to old boys and parents. Since 1969, He had taken an active role and exerted himself to the establishment of the Old Boys' Association. But for his effort, the Boys in Red would not have been standing together. For parents, he and his assistant Mr. Michael Leung (former Vice Principal of CSK) started the practice to have parent-teacher meetings three times a year. This practice had been an essential foundation stone for the official formation of the Parent-teacher Association in 1999, which was 8 years after the retirement of Bro. Eugene.

Bro. Eugene was kind and generous. He had gained respect from both students and teachers. His past students form all over the world wrote to him frequently. Many old boys, who have reached great height in society, also contribute their success to Bro. Eugene. Although he was quite strict to teachers, they are still grateful for his leadership, as he never hesitated to call them to different tasks if they are for the school's sake.

His loyalty to God was worthy of our appreciation. Other brothers described Bro. Eugene as a deeply spiritual man. He never complained. Instead, he saw in all things the Will of God and thus accepted it as such. With his faith, he dedicated himself to education and lived for the welfare of his students. With his zeal, he served long years far away from his hometown till his death.

The name of Chan Sui Ki (La Salle) College had been rung by his exertion over two decades. He retired in 1991 at the age of 65, passing the leadership to Bro. Lawrence. Shortly after his retirement, he was diagnosed with cancer of the throat. The regrettable news spread across all Lasallian schools in Hong Kong on 16th March 1994. This was the day that Bro. Eugene departed this life and received the Heavenly reward from God.

Bro. Eugene is always remembered by all Boys in Red. He would be sharing the joy and peace to all of us in the celebration of the 40th Anniversary of our school. May he rest in peace.

# SCHOOL MAGAZINE

1970

Our school has set up the Press Club to produce school magazines at the end of every school year. The school magazines mainly focus on reporting the major events of the school within that year. These include aspects like sports, academic results and extra-curricular activities. Class photos are also printed in the booklet. However, after having published two issues, the publication of school magazine was suspended in 1972 without any reason. In the first thirty years, our school adopted each design for the cover of the magazine for ten years. For editions from 1970 to 1978, the cover designer was Mr. Lau Pui-lun.

# NEWSLETTER

Our students first published school newspapers in 1973. The supervisor Rev. Bro. Eugene agreed to use the name 'Leowlish' which means:

Leo – as brave as a lion
Owl – as smart as an owl
Lish – Latin interpretation of angel

Similar to school magazine, the newspapers are printed in both Chinese and English. Its Chinese name is '瞰訊', which means to 'see things from the high'. Students were encouraged to submit their pieces of writing to express their points of views.

In the early ages school newspapers were published twice a year and sold to students at a low price so as to cover the cost. With sufficient funding in late 90's, copies of Leowlish were distributed to students free of charge.

*The only issue of '長聲', Applause in March, 1997*

*Leowlish is no longer published in the future*

In March 1997, the Old Boys' Association produced a newsletter 長聲 (Applause) giving details of the development of our school. However, this publication did not last for long, they had only published one issue. Since Sep 1999, a brand-new publication was delivered by our student editors. 祺粹 (Qi-sui) was produced more frequently than Leowlish, bringing our boys more information about our school.

*The first issue of 祺粹 (Qi-sui)*

*祺粹 (Qi-sui) was sometimes published in full Chinese or English*

*The second issue of the new 'CSK Pulse'*

*CSK Pulse celebrating the 40th anniversary It is believed that in the near future, more students will participate in the publication of the newsletter to bring more excitement to members of the CSK family.*

For the fact that 祺粹 (Qi-sui) was printed on ordinary A4 paper with no special graphic design, it was rather dull and not attractive. Therefore in 2006, new design was introduced to 祺粹, while the English name was also changed to 'CSK Pulse'. Since the cost of colour printing is much higher, they had to cut down the number of issues a year. They distribute the newsletters to students free of charge twice a year.

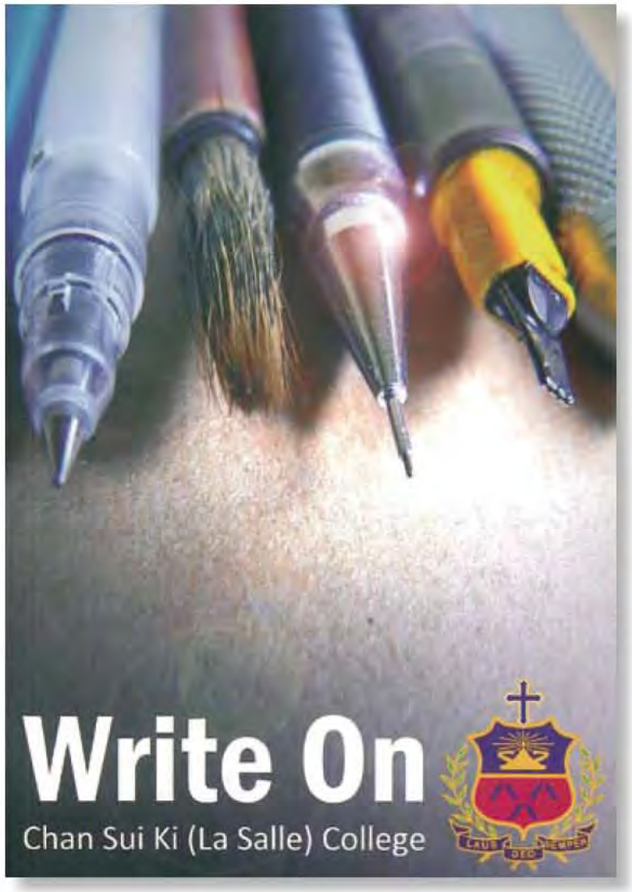
*Newsletter 2005*

Apart from various kinds of official publications, our school also produces pamphlets and anthologies occasionally. In order to enable parents of F.6 pupils better understand our school, we produce booklets introducing the facilities and activities of CSK every November, just before they paid visits to different secondary schools in the district.



With more funding from the government to promote the English-rich learning environment, our school has started to produce anthologies since early 2007. So far four issues have been produced and they helped a lot in encouraging students to share their writing skills.

# OUR Organization

# OLD BOYS' ASSOCIATION

*Dinner organized by the OOB*

As the lyrics of our school song go, 'Here we stand together Boys of Chan Sui Ki…Our Alma Mater Strong in Unity.' No one would deny that our old boys are one of the most precious treasures of our school. This reveals how much emphasis we attach to the unity with old boys. Noticing the importance of keeping in touch with graduates, Bro. Eugene exerted great effort in setting up the Old Boys' Association (OBA) of CSK since the first year of graduation in 1970.

The Old Boys' Association had gone through three years of preparation until it can function well. On 23rd December 1972, our OBA had had their first meeting. Since then, the OBA played an essential role in our school. It had then incorporated in 1982, officially named as Chan Sui Ki (La Salle) College Old Boys' Association Limited.

The focus of work of the OBA is on promotion of closer relationship among our old boys, as well as between old boys and current students. Throughout the years, many different branches of OBA were set up, such as the Chinese University Branch and the Toronto Branch. Now, generally, the OBA would handle matters concerning our old boys within Hong Kong. It has set up a branch, named as Overseas Old Boys' Network (OOB), to take the responsibility of handling old boys' affairs worldwide.

Many of our old boys are active in attending activities by the OBA. Presumably, this can be contributed to the formation of Executive Committee members. They come from different years, one graduated as early as 1976 but one is a 2005 graduate. They are united.

The OBA organizes various kinds of activities for our old boys. In the annual dinner by the OBA, our old boys, apart from gathering together, can acquire information about the change and development of CSK. The OBA also organizes sports games, such as golf day and football tournament. Our old boys frequently play against graduates from other Lasallian schools in friendly football matches co-organized by the OBA of different Lasallian schools. This also promotes the connections among the Lasallian family in Hong Kong.

*Golf Fun Day*

*Annual Dinner*

Our old boys are enthusiastic about helping in development of school and CSK boys as well. Apart from financial support, they do many other things. Every year the school would invite some OBA members to give current students talks on various topics, sharing their experience in their own professions and teaching us the ways to equip ourselves for the competition we will face in the future. Additionally, the OBA would keep in touch with the Student Association frequently to see how they can help. There is also an Old Boys' representative in the School Management Committee. It provides precious suggestions for the development of our Alma Mater as after all, old boys all studied here before and know the problems which should be encountered.

The OBA comes to its 40th anniversary at the same time as our school. It contributes to the success of our school. It reflects the Lasallian spirits of our boys – faith, zeal and community towards their fellow schoolmates. Beyond any doubt, it is a vitally important part of our school, an indispensable member of our CSK family.

# OLD BOYS' FOUNDATION FUND

*Old Boys' Foundation Dinner in 1991*

*Committee members of the OBF*

Established in October 1990, the Chan Sui Ki (La Salle) College Old Boys' Foundation Fund Limited (OBF) has been serving our school for almost 20 years. The Fund was founded by the Old Boys' Association (OBA) with the initiation to set up a separate trust fund to manage matters concerning scholarship and donations.

The 'first bucket of money' of the OBF dates back to a dinner in early 1991. In a bid to raise money for this new fund, the OBA and OBF jointly organized a buffet dinner. Our old boys were very generous, over 200 of them attended the fund-raising event and donated $500000 in total. In addition to the donations by these attendees, our benefactor – the Chan family and other old boys also generously donated without hesitation. A total sum of $800000 was raised to run the Fund.

The Fund ran smoothly in the beginning years until 1999. In this year of welcoming the millennium, construction and improvement works became frequent. The huge expenses had greatly reduced the fund and thus, the OBF called for donations from our old boys. Fortunately, despite the economic crisis which greatly affected Hong Kong in those years, they still managed to raise a sum of $160000 for further uses.

Throughout the years, the Fund provides pecuniary tributes to the school, by the money that it has, or by performing as a middleman between old boys and the school. The foci of its work are mainly threefold. The first focus is scholarship. At the beginning in 1991, the Fund set up the 'Outstanding Students Award' and the 'Most Improved Students Award'. Now it offers four different scholarships, of which one is, in memory of our past teacher Mrs. Liu Lee S.M., given by Mr. H.S. Liu; while another one is sponsored by our old boy Mr. Hase Y.K. Wong.

The second thing that the OBF focuses on is the promotion of extra-curricular activities. In fact, many old boys have been sponsoring the sports teams for a number of years. The Fund also grants subsidies to interest clubs and, in particular, the Students' Association.

Third, making and delivering donations to CSK. In recent years, the OBF continues to play the role so as to help the development of CSK. It serves as a mean for the school to raise money from our old boys and reversely, a mean for our old boys to dedicate to CSK. A milestone of its work was set by its endeavour in 2006-2007. While the school was in search of support for the School Development Fund, the OBF forwarded the donation from two of our old boys, Dr. Felix Yip and Dr. Ambrose Wong, which amount to about HKD 1.5 million.

The Old Boys' Foundation Fund has provided a great deal of support to CSK. With its endowment, CSK has all it needs to provide quality education. It is hoped that our old boys will continue to support our school endlessly through OBF in the years to come.

# PARENT-TEACHER ASSOCIATION

*PTA Annual General Meeting*

With the growing emphasis of strengthening relations between parents and schools in the late 1990s, our school saw the need of officially setting up a parent-teacher organization in addition to the traditional Parents' Days which would only be held a few times every year. In 1998, approaching our 30th anniversary, the Parent-Teacher Association was officially established.

The PTA aims to:

1. Enhance the efficiency of learning in CSK
2. Boost the relations between parents and teachers
3. Facilitate understanding among parents, teachers and other members of this school

The objectives of the PTA were set clearly and properly. Presumably this suggests the reason for which this organization has achieved a great success these years. In a bid to enhance the efficiency of learning, the PTA has been helping our students in diverse ways. To make our school a pleasant place for study, the PTA, since its establishment, helps raise fund from parents and spends on purchasing or renewing facilities of our school. One very remarkable fund-raising campaign by the PTA was for the installment of air-conditioners. The PTA, which was only in its second year, managed to collect $900000 for the project. Lower form students are no longer disturbed by noise outside or summer heat during lessons since then. Another way to help students learn is to offer various activities. Apart from subsidizing students to enroll in activities, the PTA also organizes both intra and extra-curricular activities to our students. Examples include music instrument courses, English-learning activities, aviation and astronautic courses, so on so forth. With its work, our students are able to experience the process of learning by various means and acquire knowledge effectively.

*Making thank you card*

*Family Cooking Competition*

Moreover, the PTA organizes several family activities every year. This is a good chance to boost the relationship among teachers, parents and students. Apart from those ordinary gatherings and picnics, the PTA also organizes activities to make Thank you cards during Teachers' Day, Mothers' Day and Fathers' Day. These activities are always well-received by our students.

In recent years, the scope of work of the PTA has extended outside our school. Our parent representatives have participated in a number of seminars and parent conferences in Kowloon City District. These activities promote closer relationship among schools in the district. In the meantime, the participation of the parents actually helps a lot in promoting our school to parents of our potential students.

The diverse scopes of work have made the PTA a thriving organization. Needless to say, the appealing work has contributed to the enthusiasm of both parents and teachers. All the great ideas would not have come up, had it not been for their dedication. Now, in the 40th anniversary of CSK, the PTA is in its ten years of age. Along the celebrations of this important year to both of them, it is believed that the PTA can keep the good work up and bring our school another fruitful ten years.

# PREFECTORIAL BOARD

To cater the needs of students, the Prefectorial Board (PB) has been set up since the establishment of our school. Being the largest and only student organization apart from interest clubs, there used to be four sub-committees under the executive committee, namely disciplinary, social service, students' welfare and cultural. Each of the sub-committees carried different responsibilities. Generally speaking, we can say that functions of the PB in the past have exactly the same as that of the current Student Association. They help facilitate communication with other schools by co-organizing joint-school activities such as Annual Christmas Ball and Broadcasting Contest.

### Their symbols

Every student of CSK can point out the difference between an ordinary student and a school prefect, that is, a school prefect wears red tie with chevrons. However, in the first school year, which was 1969-1970, our prefects had another symbol for students to recognize them. They wore an arm-band on their left hand.

### Activities held/ tasks responsible for in the past

- Attend Canteen Committee meetings regularly for betterment of services of canteen
- Help in selling school cardigans and foolscap paper to students
- Maintain discipline in major school functions like Swimming Gala, Athletics Meet, Parents' Night and orientation sessions for primary school pupils
- Organize activities for students, examples include Christmas Concert, Speech Contest, etc.

### Caritas Bazaar

One traditional activity that our prefects take part in every year is the Caritas Bazaar, we have already been participating in it more than thirty years ago. Every year prefects had to raise donation for goods to be sold in the fair. Prefects were enthusiastic in the past years and had raised a huge sum of money for the needy.

*The prefects used to wear arm-bands*

*Prefects nowadays wear red tie with badges of their ranks*

*Upper left:* *To raise more fund, game stalls were also set up by our boys in the bazaar*

*Upper right:* *Goods donated by manufacturers*

*Lower right :* *Students decorating the stall before opening*

### Organization

There used to be some senior prefects in the board with class prefects selected from each class in the early days. Later in 1999, the Prefectorial Board has been reformed with a downsized number of prefects from a hundred to about fifty. Student prefects were nominated and elected by teachers. The successful candidates can cast their votes to elect the head prefect of that year. The candidates of head prefect must be a F.6 student and on the day of election, they have to attend a Q&A session as a proof of their talent.

### Restructuring of the PB in 2005

After Mr. C. K. Wong has started his term of office as the discipline master in 2005, he introduced a new system to the Board so that the communication within the Board would be more effective. The number of prefects was set to be around 70 and the members were divided into three teams.

Under the new system, duties of prefects are more reasonably allocated and prefects are given apprasials at the ends of terms. This will help them to work more effectively and they can learn from cooperating with others.

Although Student Association was set up in 1999, it is forseeable that the Prefectorial Board will continue its role to foster and sustain a good school spirit among the students.

# STUDENT ASSOCIATION

*Variety Show 2008 - Everlasting*

CSK is strong all because its students are united. For retaining the excellence of our school, the main purpose of setting up the Student Association is to unite our students. In addition, Student Association is also responsible for improving our students' welfare; and it acts as a bridge facilitating communication between the school and its students. Further to these, the CSKSA represents our school in some of the external matters concerning our students.

The establishment of the Student Association dates back to 1997. At that time, it was the Prefectorial Board which was responsible for organizing activities and working on welfare of students, despite its heavy workload in maintaining discipline. With regard to this, twelve of our students wrote a letter to our principal introducing the idea of setting up the Student Association so as to share the workload by the Prefectorial Board. With the support from the Education Department and also our students, the first election of our Student Association was finally held in the beginning of school year 1998-99, the year of the 30th Anniversary of CSK.

Since the establishment of the CSKSA, there has never been a year in which no cabinet is capable of running for the SA. For most of the years, there is only one cabinet running for election, as members of the cabinet are all F.6 students. However, till now, there are exceptions occurred in the 3rd and 8th SA election. In both years, there are two cabinets competing with each other. No matter is there any competition between cabinets, all of them dare to innovate, to voice the opinions from students for the development of CSK.

*Executive members of 菜水閣, our first Student Association cabinet*

We are glad to see that the CSKSA is ever energetic to bring new ideas into practice. At first, the SA simply offered our students a few kinds of services and activities, such as stationery selling and Christmas Ball. After the years of development, with the great ideas brought in by the cabinet members, the Student Association nowadays provides students a lot more. It joined several joint-school welfare unions to enable our students getting special discounts in a huge number of shops. It engages in production of souvenirs in a bid to boost the sense of belongings among students. It organizes a variety show every year, which is open to public, to let people know more about our school. It provides our students the best with the dedication from members of its executive council.

The Student Association has performed a great job in the past decade. It reveals the spirits shared among the Boys in Red – being brave and fearless when facing challenges, being true and kind to serve our fellows. These are our spirits. These are what the Student Association ever intends to promote.
