

Chan Sui Ki (La Salle) College
Read to Feed Reading Program 2013-2014

Our School is now promoting the “Read to Feed” Reading Program to S1, S2 and all other students. The “Read to Feed” Program is an educational fundraising program organised by Heifer International – Hong Kong, a charitable organization. Its aim is to foster a love of reading in students while empowering them to make a difference in rural China.

Students participating in the program will have to find family members or friends to sponsor their reading from 21st January to 28th February 2014. There are no limits on donations, sponsors can contribute \$10 or more for each book. Donations from the 2013-14 school year will help the poor families in Huzhu, Pingan and Xunhua counties in Qinghai become self-reliant by providing livestock and training. Many other poor families will also benefit from “Passing on the Gift (Animals)”.

This year, the School will award the top readers in each form with a merit and a certificate. If you and your son/ward would like to join “Read to Feed”, please complete the Student Reading Record and the Donation Form enclosed in the information leaflet, return them with a crossed cheque for the donations made payable to “*Heifer Int'l HK Ltd*” to the Class Teacher on 26th, 27th or 28th February 2014.

If you have any questions, please contact your Class Teacher or Ms Lee, our Teacher-Librarian.

Let's support “Read to Feed”.
