

Reading Scheme (S4-S6)

Achievements

The school has set the reading requirements for students to promote a reading culture amongst students and encourage them to read a variety of books. We hope students can develop the ability of ‘reading to learn’, and eventually construct knowledge and broaden their horizons to make good preparation for life-long learning.

Students should borrow school library books to read and return them on time. They are encouraged to read both English and Chinese books. Students can reach a higher reading achievement level by reading more books and getting reading points.

Reading Achievement Level	No. of library books read		Reading points* required	Number of merits awarded
	English	Chinese		
Elementary Level	8 or more and 8 or more		16	1
Intermediate Level			35	2
Advanced Level			70	3

** Students can gain reading points by borrowing library books and joining reading activities.*

Reading Activities include ‘Read for Charity’ Reading Programme, Holiday Reading Programme, Book Sharing and other activities held by the School Library.

Students who have joined the Reading Programme for Children and Youth organized by the Hong Kong Public Libraries can submit their reading record to the school librarian by 25th May. We will also consider the books that students read from September to May as their reading and loan record.

Awards will be given to students according to the reading level attained and the record will be shown in the report card.

Awards

In addition to merits awarded, students who have read 16 books or more and have an outstanding performance in reading will be nominated for the Reading Award.
