POPE FRANCIS' SPEECH AT WORLD YOUTH DAY 2019 OPENING CEREMONY

Dear Young People, good evening!

How good it is to get together again, this time in a land that receives us with such radiance and warmth! As we gather in Panama, World Youth Day is once more a celebration of joy and hope for the whole Church and, for the world, a witness of faith.

I remember that in Krakow several people asked me if I was going to be in Panama, and I told them: "I don't know, but certainly Peter will be there. Peter is going to be there". Today I am happy to say to you: Peter is with you, to celebrate and renew you in faith and hope. Peter and the Church walk with you, and we want to tell you not to be afraid, to go forward with the same fresh energy and restlessness that helps make us happier and more available, better witnesses to the Gospel. To go forward, not to create a parallel Church that would be more "fun" or "cool" thanks to a fancy youth event, as if that were all you needed or wanted. That way of thinking would not respect either you or everything that the Spirit is saying through you.

Not at all! With you, we want to rediscover and reawaken the Church's constant freshness and youth, opening ourselves to a new Pentecost (cf. SYNOD ON YOUNG PEOPLE, Final Document, 60). As we experienced at the Synod, this can only happen if, by our listening and sharing, we encourage each other to keep walking and to bear witness by proclaiming the Lord through service to our brothers and sisters, and concrete service at that.

I know getting here was not easy. I know how much effort and sacrifice was required for you to participate in this Day. Many weeks of work and commitment, and encounters of reflection and prayer, have made the journey itself largely its own reward. A disciple is not merely someone who arrives at a certain place, but one who sets out decisively, who is not afraid to take risks and keeps walking. This is the great joy: to keep walking. You have not been afraid to take risks and to keep journeying.

Today we were all able to "get here" because for some time now, in our various communities, we have all been "on the road" together.

We come from different cultures and peoples, we speak different languages and we wear different clothes. Each of our peoples has had a different history and lived through different situations. We are different in

so many ways! But none of it has stopped us from meeting one another and rejoicing to be together. The reason for this, we know, is that something unites us. Someone is a brother

many sacrifices to be able to meet one another and in this way you have become

to us. You, dear friends, have made

true teachers and builders of the culture of encounter. By your actions and your approach, your way of looking at things, your desires and above all your sensitivity, you discredit and defuse the kind of talk that is intent on sowing division, on excluding or rejecting those who are not "like us". It is because you have that instinct which knows intuitively that "true love does not eliminate legitimate differences, but harmonizes them in a superior unity" (BENEDICT XVI, Homily, 25 January 2006). On the other hand, we know that the father of lies prefers people who are divided and quarrelling to people who have learned to work together.

You teach us that encountering one another does not mean having to look alike, or think the same way or do the same things, listening to the same music or wearing the same football jersey. No, not at all... The culture of encounter is a call inviting us to dare to keep alive a shared dream. Yes, a great dream, a dream that has a place for everyone. The dream for which Jesus gave his life on the cross, for which the Holy Spirit was poured out on the day of Pentecost and brought fire to the heart of every man and woman, in your hearts and mine, in the hope of finding room to grow and flourish. A dream named Jesus, sown by the Father in the confidence that it would grow and live in every heart. A dream running through our veins, thrilling our hearts and making them

dance whenever we hear the command: "that you love one another; even as I have loved you, that you also love one another. By this all men will know that you are my disciples, if you have love for one another" (Jn 13:34-35).

A saint from these lands liked to say that, "Christianity is not a collection of truths to be believed, of rules to be followed, or of prohibitions. Seen that way it puts us off. Christianity is a person who loved me immensely, who demands and asks for my love. Christianity is Christ" (cf. Saint Oscar Romero, Homily, 6 November 1977). It means pursuing the dream for which he gave his life: loving with the same love with which he loved us.

We can ask: What keeps us united? Why are we united? What prompts us to encounter each other? The certainty of knowing that we have been loved with a profound love that we neither can nor want to keep quiet about a love that challenges us to respond in the same way: with love. It is the love of Christ that urges us on (cf. 2 Cor 5:14).

A love that does not overwhelm or oppress, cast aside or reduce to silence, humiliate or domineer. It is the love of the Lord, a daily, discreet and respectful love; a love that is free and freeing, a love that heals and raises up. The love of the Lord has to do more with raising up than knocking down, with reconciling than forbidding, with offering new changes than condemning, with the future than the past. It is the quiet love of a hand outstretched to serve, a commitment that draws no attention to itself. Do you believe in this love? Is it a love that makes sense?

This is the same question and invitation that was addressed to Mary. The angel asked her if she wanted to bear this dream in her womb and give it life, to make it take flesh. She answered: "Behold, I am the handmaid of the Lord; let it be to me according to your word" (Lk

1:38). Mary found the courage to say "yes". She found the strength to give life to God's dream. The angel is asking the same thing of each of you, and of me. Do you want this dream to come alive? Do you want to make it take flesh with your hands, with your feet, with your gaze, with your heart? Do you want the Father's love to open new horizons for you and bring you along paths never imagined or hoped for, dreamt or expected, making our hearts rejoice, sing and dance?

Do we have the courage to say to the angel, as Mary did: Behold the servants of the Lord; let it be done?

Dear young friends, the most hope-filled result of this Day will not be a final document, a joint letter or a programme to be carried out. The most hope-filled result of this meeting will be your faces and a prayer. Each of you will return home with the new strength born of every encounter with others and with the Lord. You will return home filled with the Holy Spirit, so that you can cherish and keep alive the dream that makes us brothers and sisters, and that we must not let grow cold in the heart of our world. Wherever we may be and whatever we may do, we can always look up and say, "Lord, teach me to love as you have loved us". Will you repeat those words with me? "Lord, teach me to love as you have loved us".

We cannot conclude this first encounter without giving thanks. Thank you to all those who have prepared this World Youth Day with so much enthusiasm. Thank you for encouraging one another to build up and to welcome, and for saying "yes" to God's dream of seeing his sons and daughters gathered. Thank you to Archbishop Ulloa and his team who have helped Panama to be today not only a channel that joins oceans, but also a channel where God's dream continues to find new streams that enable it to grow, to multiply and to spread to every corner of the earth.

Dear friends, may Jesus bless you and Santa Maria Antigua ever accompany you, so that we can say without fear, as she does: "I am here. Let it be done".

SUPERVISOR'S MESSAGE

With the approaching of the 50th anniversary, the school has been busy with all the preparation work. The 50th anniversary logo competition in November kick-started a series of celebratory activities. Throughout the celebration period, the logo will be used as an icon for the occasion. The first event involving the whole school is the walkathon held on Feb 23rd. Old boys, retired teachers, parents and friends from other Lasallian schools all enjoyed a moderate level of exercise amid some light drizzle with our students and teachers.

The theme of the 50th anniversary is "Roots and Wings". CSK has been standing in history for 50 years. We have created our precious tradition and nurture numerous pillars for our society through upholding the Lasallian spirit of faith and providing quality education for the poor.

In this academic year, CSK has embarked on the whole school campus WiFi network bandwagon which enables a seamless wireless communication with various portable devices. The new facility provides easier and faster information flow, and is the first step into implementing electronic learning environment. This hardware equipment provides a solid framework in which e-materials have to be developed to become a comprehensive set of teaching approach.

This year CSK continues to collaborate with the Quality Education Fund to implement the Joyful@School project. The aim of the project is to promote positive attitude towards challenges and difficulties, and any other emotional issues faced by individual student, by sharing, listening and discussing with the right parties. The effects can be seen as every student is leading a healthy and joyful life at CSK.

Mr Tam Man Hoi Jack was elected parent manager at the Parent Teacher Association AGM last October, while Mr Tong Kai Him William was elected alternate parent manager. Mr Tang Kwan Hui Ronny and Mr Wong Hok Ming Ambrose, who are the school sponsoring

manager and the alternate school sponsoring manager respectively of the school Incorporate Management Committee, will retire after Aug 2019. Mr Yip Wak Keung Wilson, independent manager, will retire at the same time after serving for more than six years for CSK. I thank them for the service rendered and wish them well in the years to come.

We have one retiring teacher, Mr Andrew Beynon, this year. Mr Beynon has been with us for more than fifteen years and I am sure everybody appreciates his hardwork and enthusiasm. Another retiring staff is Mr FM Ying of our laboratory team. He has been with us for many years and I wish him well and hope he will continue to play badminton after retirement.

For inter-school competitions, we achieved outstanding results in certain areas. Our basketball team will be promoted to Division 1 in the coming year after winning the A Grade champion and second in Overall. CSK has been famous for outstanding results in debating. This year our English debate team fetched the first runner-up title in the Singtao Interschool Debating Competition. The team did brilliantly throughout all the matches.

Lastly I must thank the editorial team members who have put in so much effort to make this issue excellent.

PRINCIPAL'S MESSAGE

Classes are over. I give thanks to all of you for making 2018-19 another successful year.

The school has launched a new development plan which aims to enhance teaching and learning effectiveness, and to promote a positive school culture. To facilitate the implementation of the

A Wi-Fi campus was established to facilitate e-learning. Our teachers have been exploring various strategies to enhance the advantages of using mobile devices in teaching and learning and to further consolidate students' ability in self-directed learning, problem-solving and collaboration. There have been more student-centred and interactive activities in classroom. Our teachers have actively participated in professional development activities, collaborative lesson planning and peer classroom observation, bringing pedagogical changes in the classrooms.

Our students prided themselves on various achievements. Our English Debate Team entered the Grand Final and snatched the First Runner-up in the Sing Tao Inter-School Debating Competition. Furthermore, both the junior and senior teams won the First runner-up in the Hong Kong Secondary Schools Debating Competition. Our basketball team secured the promotion to Division One with wins in

A Grade, C Grade and Overall. The school choir took park in the Joint School Music Competition and got the Silver Award. All credit to our teachers, coaches and students who played a role in the success of this school year.

2019 marks our 50th Anniversary. The theme of the anniversary celebration is 'Roots and Wings'. It reminds students of cherishing their identity and developing their aspirations. In collaboration with the Old Boys' Association and the Old Boys' Foundation, the school held a series of fundraising activities - the 50th Anniversary walkathon, the Old Boys' Athletics Meet and the fundraising dinner. All donations received went to the CSK Golden Jubilee Fund for improving the campus facilities and learning environment for our students. The school is holding a series of celebratory events in 2019-2020. They would be wonderful opportunities to bring our stakeholders together to share the important milestone in our history. Please stay tuned.

I sincerely thank the members of the Editorial Board and their teacher advisers for making this publication possible. Thank you!

EDITORIAL BOARD

Chief Editors:

Being a Lasallian student means I am always ready to outperform others, but being a CSK family member, I am so much more. I am proud and honoured to be Chief Editor of our school magazine. It is a wonderful time working with other students in the team. I would like to express my deepest gratitude to everyone who contributes to the compilation of the school magazine. I would also like to thank all teachers for guiding us throughout the entire process.

Frankly, I have never dreamed of being the Chief Editor in English. Thanks to Mr Tang and Miss Lee for trusting me and giving me a precious chance to learn and help.

Lau Yu Ka, Larry 5D

Agustin Earl Joshua **Gonzales** 5D

As a proud student of CSK, I am honoured and grateful for the invaluable opportunity to take on the position of Chief Editor of the school magazine this year. From my first day of school to the

> 50th anniversary of Chan Sui Ki (La Salle) College, it really feels as if the years have passed in a flash. We hope this book can serve as a written snapshot of the lives that CSK students have led throughout this remarkable year.

When you reflect back on life, be it a short life such as a student currently enrolled in CSK, or the life of a teacher with a few years behind them, moments that stick out as defining are the ones in which we were challenged in some ways and had to respond positively. Every single day, we go through our daily routine and tick items off our "To Do List", but seldom do we remember these a week later. What we do remember for years to come, are the times we persevered and worked hard to achieve something. So to those of you who happened to stumble upon this insignificant section of the school magazine, keep in mind that it is effort that leads to excellence, and more often than not, it is the early bird that catches the worm.

In all honesty, sometimes I wonder if I made the right choice in accepting this position. It is a paramount role that comes with its own set of responsibilities. Some of them were novel to me. There was so much chasing up to do - interviews, collecting material and writing articles, that it seemed overwhelming and impossible for the editorial team to handle. On the other hand, the

gratification that comes from collaborating with fellow schoolmates and teachers, learning about the exciting things that have happened in CSK this past year, and seeing the result of our endeavours is unlike any other and will be an everlasting memory of mine. We have worked tirelessly to document the many events that have come and gone throughout this special year - from the excitement of the Sports Day to the charitable spirit of the Walkathon, so I'm sure those of you flipping through the pages of this magazine will be able to look back upon this time fondly.

I would like to express my gratitude to the other editors, who have poured in just as much sweat as I have to bring this school magazine to fruition. I would also like to thank all those who willingly responded to our call to contribute to this edition of the school magazine. And last but not least, I thank the teachers for not only investing their confidence in me as a Chief Editor of the magazine, but also for guiding us all throughout the entire process of creating this magazine.

Although considerable efforts have been made to rectify issues within the magazine, it would be much appreciated if any mistakes that may have been made due to our lack of experience and competence can be forgiven.

This is my very first time to be an editor. This task has been challenging for me. But I never regret taking up this post. While I was writing up articles, I was actually recalling all the unforgettable memories I have had in CSK. I feel honored to be part of the editorial team.

Being an editor of this year's school magazine is undoubtedly an unforgettable experience to me. I appreciate the opportunity my teachers have given to me.

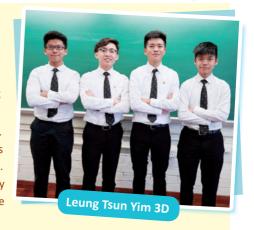

Other than that, my teachers and friends have always been there to give me a leg up whenever I need them. They have been incredibly helpful. We all gain by experiencing new things in CSK and I am no exception.

Choy Shing Yau Zenith 3D

This year, I am very pleased to be granted the unique opportunity to be an editor of the school magazine. Not only has this experience widened my horizons, it has also been a treasurable memory in my life at Chan Sui Ki (La Salle) College. Time flies. From not knowing anyone or anything about this place to a student leaving my footprints at this school is truly a prodigious experience.

Three years ago, I was just an impish kid, causing a lot of troubles. But as time passed by, I have grown to be a responsible person. It is undoubtedly a noticeable growth in my life. I have made friends here. I have learned how to respect and care for each other. School is like my second home. Teachers are like our parents and schoolmates are like our brothers. They will always support us whenever we need them.

At last, I would like to share with you a quote by Beyonce Knowles: if everything was perfect, you would never learn and you would never grow. We are all born with flaws and school is always there to patch up these holes.

Together we are a big family at Chan Sui Ki (La Salle) College.

SPEECH DAY 2019

Speech by Professor Cheung Yan-leung Stephen, President of The Education University of Hong Kong

School Supervisor Mr. Lau, Benefactor Mr. Chan, School Managers, Chairperson of PTA Ms. Louie, Principal Mr. Lee, distinguished guests, teachers, parents and students,

I am delighted and honoured by your invitation to give an address at this Speech Day. For those who are graduating today, I would like to extend my warmest congratulations to each and every one of you on reaching this milestone in life. I guess today you must be filled with great excitement, but may also be feeling a little uncertain as you are not entirely sure what the future holds for you. Some of you may be planning to further your studies in Hong Kong or elsewhere, while others are thinking about their career.

No matter how different your paths are going to be, please don't hesitate to explore different options. When looking at opportunities, don't let difficulties stop you. Sometimes, you need to keep knocking at doors, look at problems from various perspectives and try different ways to find solutions.

You may have heard of or even used the service of GoGoVan. Let me share the story of one of the founders of GoGoVan, Mr. Stephen Lam Hoi-yuen. Mr. Lam was unable to find a suitable job in Hong Kong after his graduation in the United States. In 2010, he started his first business venture with his two co-founders to sell advertisements on takeaway lunch boxes. But they soon discovered that it was very difficult to arrange vans to transport the lunch boxes to different locations because each call centre only had a limited number of drivers registered with them. At the same time, they noticed that there were many available vans parking in the streets, waiting for orders.

It was this logistical mismatch that triggered his idea to develop an on-demand van hire service. Mr. Lam started to build up a network with van drivers via a series of WhatsApp chat groups. When the number of users increased to a point that made it no longer possible to continue using WhatsApp, Mr. Lam and his two fellow cofounders, with a pooled fund of only HK\$20,000, turned

to develop the first logistic booking mobile App in Hong Kong. The Company at some stages was running out of money, but Mr. Lam did not complain nor give up. He just kept going to win against all the odds.

After two years, GoGoVan became a well-known brand in Hong Kong in 2015. Now, GoGoVan's operation is extended to Singapore, mainland China, Taiwan, South Korea and India. It is not only the market leader in van hiring service, but also enjoys the honour of being

Hong Kong's first 'unicorn' start-up, which means with a valuation of over US\$1 billion.

The story of Mr. Stephen Lam is just an example about how young people getting success through innovation, hard work and persistence. In Mr. Lam's words - "There is never a best time to start something, you can never wait for enough resources to start something. Don't wait to do something, use your own hands".

Of course, no one can guarantee that every venture would result in success, but even if you fail, you could still enjoy the process and learn a great deal from the experience and be able to take it with you as you go forward.

Dear graduates, you have been nurtured by your School to become people with integrity and perseverance to face up to challenges. Your education has laid a very good foundation for your future, but education is a lifelong process and your learning does not stop here at this stage. Please keep up your passion for learning and remember that young people like you are the change agents of the era. What you do today will help improve the world tomorrow.

I wish all of you a promising future and all your dreams come true. Thank you.

HEAD PREFECT'S MESSAGE

Being a Head Prefect has always been my dream since I was F1. At that time, it was merely because of the Head Prefect looking smart and charming, especially when he is helping others and maintaining order. After more than 5 years in the Chan Sui Ki (La Salle) family, it has been my honour to contribute to the school in various aspects. The Annual Caritas Charity Bazaar was one of my most unforgettable memories. During the annual event, Chan Sui Ki (La Salle) students showed great team spirit. The more I contribute, the more I realize that being a Head Prefect is beyond what I thought. My aspiration to pursue my dream has become even stronger.

If you ask me now, I would say that being a Head Prefect is not only about maintaining order in our school but also building an image of our school in the community. As a leader, I have always believed in our school values of discipline, respect, integrity and resilience. I have tried my best to honour those qualities as a member of the Prefectorial Board as well as a student of Chan Sui Ki (La Salle) College.

During my tenure as Head Prefect, I also learned that a leader should have strong principles, be forward-looking, do the right things and take pride in his work. This is an invaluable experience that will contribute to my personal and professional development.

I would like to take this opportunity to express my gratitude to all fellow students and teachers for their trust and support. I would also like to thank all prefects for their dedication and hard work. Special thanks to Mr. CK Wong and Mr.HK Lok for the guidance and advice along the way. Without any of this help, the Prefectorial Board would not have been so successful. It has been a great support to me as Head Prefect.

It has been my pleasure to serve the school, the big family I have been in for the past 6 years. Without doubt, both the team and I still have room for improvement.

Last but not least, I would like to share a quote from Walt Disney - "All our dreams can come true - if we have the courage to pursue them.". Be it the role of Head Prefect or any dream along in your life, do not falter in your ambition to fulfill your aspirations.

Library & Reading Promotion Committee – Reading Activities 2018-19

Read to Feed Reading Programme

"Read to Feed" is an educational fundraising reading program. This year, our students have read 1095 books and raised over \$12,000 to help poor families in need. Donations from the 2018-19 school year will be pooled to help the ethnic minority families in Hebei Province, raising their standard of living and alleviating poverty.

Reading Talks

Two Hong Kong writers, Fong She Mei (方舒眉小姐) and Ma Sing Yuen (馬星原先生) came to share their experience with us. The topic was "How reading comic books helps improve creativity?"

SHKP Reading Talk

Our S4 & S5 students attended the reading talk organized by Sun Hung Kei Properties (SHKP) Reading Club on 28 April 2019 at Sky100 Hong Kong Observation Deck. Three celebrity guests, including former President of The Hong Kong Legislative Council, Professor Tsang Yok Sing (曾鈺成教授), famous writers Mr. Chip Tsao (陶傑先生) and Mr. Ong Yi Hing (王貽興先生), shared with us their reading experience and recommended books to the participants.

School Book Fair

Our annual School Book Fair was held in the hall in April to celebrate the World Book Day.

A variety of English, Chinese fiction and nonfiction books, supplementary exercise books and computer software were displayed at the book fair.

New Book Introduction & Book Sharing

Student librarians introduced the library new titles to the whole school at the morning assemblies throughout the year.

The Library also organized other activities like the Reading Channel, World Book Day Reading and the very meaningful Holiday Parent-child Reading Programme. All programmes were held successfully with students' participation and the support of teachers and parents.

ENGLISH DEBATE TEAM

Pass it on – It only takes a spark to make a fire glowing

"Everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do."

--- Nelson Mandela

The school English Debating team rang the name of the school again in the 34th Sing Tao Debating Competition, getting the 1st-runners-up. It is the best result ever. It was not luck, but determination and perseverance which brought the team that far. The school now has two English debating teams- the Junior team and the Senior Team. The spirit of passing on the torch and faith has been very strong as students will move from the Junior to the Senior Team. Seeing how the Senior debaters work well in debating gives impetus to the junior boys to endeavor. Moreover, they have experienced old boys who come back periodically to adjudicate mock debates and gives advice to the younger ones. These all helped make something impossible possible. Entering the final round in the most prestigious debating competition was still a dream two years ago. The coach of the debating teams, Ms Y M Lee recounted watching the Grand Final with that year's senior debaters. One of the debaters expressed that he would like to see CSK debaters on stage in the

Grand Final. That was an inspiring idea. She then told him that it was a dream but the dream would come true as more students were into debating. With that, they all agreed to come back to help. It is the spirit that is passed on from one team to another, from one generation to another generation.

My Voice - The coach - Ms Y M Lee

Debating has always been a very good experience for students to widen their horizons and consolidate their language skills. Nobody is a born debater. 'Where there is a will, there is a way' is guiding me through when training students. Coaching a debate team gives me challenges and satisfaction. Each new debater is a unique individual with an independent mind. They might not get along well at the beginning because they have a strong 'ego'.

Teamwork is something that is needed for a debate team.

One difficulty for me is when the team has to defend for the stance they personally reject. For example, the Fugitive Offender Ordinance. We were arranged to support the amendment to the Fugitive Offender Ordinance as gazetted. The team asked me a lot of questions regarding the ordinance and they saw no reasons to support it. They thought they were going to lose. As they only had a short time to prepare for the debate, I asked them to brainwash themselves by watching footage and reading articles and government documents to just get the strongest reason for supporting the amendment. As the Fugitive Offender Ordinance is a very controversial issue in society, there are far too many resources for them to read and they had to find a solid ground for them to stay on to work on their arguments. Even for me, I struggled a lot when reading documents regarding the motion. But I kept reminding myself and my team that we could actually explore an issue form two perspectives. Our own view is still valid after the debate. We have to speak what we trust. So 'brainwashing' is needed within that week. To my surprise, they were all brainwashed after three days. They finally won the debate, but the process was a harsh one. They always self-defeated themselves as they had to present something which they did not support. Motion of this kind is challenging. We have to read legal documents. Fortunately, we have support from old boys. Jacky Ho who graduated in 2003 is our legal advisor. Once we had any problems, we sought help from him.

Talking about support, there are far too many people who offered help and gave support to the team. Just before the Grand Final, some old boys from 1998 and the Parent-Teacher Association offered sponsorship to the debaters. Also, the boys were offered a scholarship by some old boys. They were all under the care of CSK.

And for my boys in the debate team, they have already met my expectation this year. They enjoy the process and they learnt. They understand my rationale behind debating: It is not about just 'winning' or 'losing' a debate, but about enjoying the process and growing up together as a team. I am very strict, but that is for their good. Luckily, they understand.

Funny Time

My Voice - Our Captain - Lau Yu Ka, Larry

Trust yourself

I have never imagined myself standing on the stage of Queen Elizabeth Stadium participating in the Grand Final of the Sing Tao Debating Competition. Frankly, I always doubt my ability when I was young. I wondered whether I was capable or not to be an outstanding debater. I once believed that luck was the key to win. But I'm wrong. Self-trust is the real key. You have to understand yourself and be confident. You are braver than you think, more talented than you know, and more capable than you imagine.

Thanks to Miss YM Lee, this year, I have had the chance to play the most important role, the Captain of the English Debating Team. Miss Lee is a very strict coach who always pushes us to our limits. She also gives us unlimited support and opportunities that we are looking for. Without her continuous support, I believe there would not be any unprecedented achievements this year.

We started our journey without any high hopes. We just wanted to try our best. But then, as we got closer and closer to the Grand Final, we set our goal higher. I remember I saw the principal, teachers, parents, old boys and CSK family members had come to the stadium to support us. I felt very honoured to have the support of the CSKPTA and old boys. My teammates and I did our best to make our mark on history. I remembered myself leaving the stadium with pride. I hope I can have more opportunities to contribute to the school. I will pass the torch on.

The whole journey this year has been really harsh. After the third preliminary, I had gone through

three surgeries. I kept in the competitions because, as captain, I had to sustain the momentum of our team. It was a tough time for me. Most people would probably have given up

Larry

at that moment, but I did not want to miss this chance. I remember leaving the hospital early in the morning and taking a taxi to the competition venue. It was a crazy idea, but my parents supported my decision. Maybe that is the 'Never say die' spirit that has passed on from my parents.

Before the quarter-final, Miss Lee, Joshua, Christian and Clement came to the hospital. I can still clearly recall how we held a meeting there and practised there. None of us complained about how inconvenient it was. We laughed all the way through. This is because we all have a common goal.

After the quarter-final, I was admitted to hospital again. But I will never regret making the decision to continue.

Looking back on these few years, I barely have any regrets because teachers and schoolmates have provided me with many chances. Typically, Ms. Y. M. Lee and my teammates have given me the support I needed. For me, they are my family and I will always remember them.

Now, the countdown to the end of my secondary school life has started, but there is enough time for me to fight for more. CSK is a place where you can talk about your dreams and take advantage of countless opportunities.

Grand Final On stage

My Voice - Agustin Earl Joshua Gonzales

What an incredible journey it has been for me these past five years...I recall the day I had my first debating match with fellow debater Christian back in 2014, where I lost unanimously in the first round. Looking back from that day, to when

Joshua we were champions of the Inter-school Debating Competition in 2016, and to where

号日報

I stand now humbles me and motivates me to improve myself further. Instead of focusing on sharing something as cliche and mundane as my appreciation to everyone who supported us, more importantly I want to share with you my journey and what I learned from it.

Backtrack to the third round of the 34th Sing Tao Debating Competition this year; we were matched up against Diocesan Girls' School - a powerhouse that had won the competition seven times in the past. I can frankly tell you that at the time, none of us went in expecting to advance to the quarterfinals. Not me, not my teammates, not even our coach who offered to treat us to a buffet if we won. Yet we still prepared for it as usual. We performed just as we had practised. And guess what? We won 3-0 and advanced to the next round. It led me to the realization that being the underdog wasn't so bad; the pressure was on the opposing team to win, not us. It taught me to never back down from a challenge.

And though it wasn't a smooth road, eventually we accomplished what seemed to be far-fetched at the beginning of the school year; we were finalists of the 34th Sing Tao Debating Competition. Standing on the biggest stage at Queen Elizabeth Stadium was something I would've never thought possible. Despite the bright lights, the big audience and the eye-piercing gazes of the judges, I felt unexpectedly calm, and my head clear. I wasn't thinking about whether we could win or not at that point. Sure, I desperately wanted to win, but the preparation that we had done and the support that we had received, made us genuinely believe that we could win it all. And that goes to show just how important it is to have confidence in yourself.

Unfortunately, we came up short of reaching the pinnacle. The moment when the winner was announced lingers in my mind to this day; there were at least a hundred in the audience that cheered for the opposing team, and all I could do was stand under the stage and hold back my tears. Many had told me prior to the finals that I shouldn't feel bad about losing; but at that moment I was more frustrated that I'd ever been. Out of everyone in the competition, I wanted to win the most. I desperately wanted to take back the trophy, to validate the hard work that we had put in over the past year, to make sure that all the effort that we had poured in was worth it. And so my debating career, in a sense, had come

to an end.

But I realize that it's more about the journey than it is about the destination. I realize that years down the line, when I look back on the results of this competition, I won't remember who took the largest trophy home; all I'll remember is the fun that I had and the lessons that I learned. Those things are more valuable than any award.

And as I draw this to a close, I want to thank our coach, Ms. Lee, for putting us in a position to succeed. She is certainly the pillar to our success. Every case that we had fought for was always based on the foundation she had laid for us. However, to her, seeing our personal growth is more gratifying than receiving an award, and I think this is something we can all appreciate and learn from.

Next, I want to thank my teammates, Larry and Christian. The saying "the whole is greater than the sum of its parts" holds true for us. While we as individuals were flawed, our strengths allowed us to complement each other's weaknesses. Larry was the boldest, Christian was the most diligent, and I was the most proficient in English. We always had faith in each other.

Many thanks as well to those of the Junior Debating Team, including Clement, Zenith and Ryan. They have put it a significant amount of work and have been of great help to us during the competition. Congratulations to them as well for taking first runner-up in this year's Inter-School Debating Competition. Even though my debating journey has come to a close, the future of the English Debating Team is in good hands. I'm also grateful for the assistance of the old boys, many of which have been former members of the debating team.

Finally, I thank my parents, teachers and fellow schoolmates who have supported us throughout the year and helped shaped me into the person that I am today.

I hope that my story can be an inspiration to those who feel as if they are unable to achieve anything. If you believe that you can do it, if you are willing to take the first step, and invest time and effort, you can accomplish many great things. It may not be what you were initially hoping for, but good things will surely come.

Grand Final On stage

My Voice - Yuen Ka Hang, Christian

Sense of belongings

Time flies, I have been studying in Chan Sui Ki (La Salle) College for five years. It is time to graduate and start another life. Looking back, I have learnt a lot from the journey as a secondary school student. In fact, the experiences gained and the joys they brought during these years were beyond description.

"Are you proud of being the boys in red?" you will ask, and the answer? Undoubtedly Yes!

In the past, I was a timid child who only wished to stay in the comfort zone and enjoyed what Christain the end of thatschool year, the thrill of speaking on I already had. I wondered if it would be dull to simply study and do homework. Is life as a teenager all about burying your heads and study all night long? I believe that nobody would wish to consider this their only pastime.

So how did I end up joining the English debate team? Around the end of my first year, my English teacher encouraged me to join the team. Though I can speak fluent English with my English-speaking background, facing a large audience is something I always feared. Come to think of it, the first SCMP English Debate was really an awkward case. I was totally unprepared. What shocked me was not winning or losing, it was the fear of how others would look at me. Nevertheless, the experience told me that I love presenting in English.

The next school year was a great kick start! With my classmate, Joshua and Larry, we managed to form a team. Miss Lee briefed us on how debating works, and shared with us debating experiences and skills for tackling fears on the stage. From the preparation to

When we were young

every debate competition, Miss Lee first asked us to look for the information related to the motion, and then we expressed our thoughts towards the motion and looked for points worth arguing. When we were lost in the

> sea of data and information, Ms. Lee would offer help to us. However, she always emphasized that we had to work on our scripts in order to obtain ownership towards our arguments. Indeed, without any extra effort and better understanding, one can barely stand on the stage and confidently express abstract ideas. In

stage drives me further into loving debate. Moreover, during the debate, I learnt how to stay calm and recall what arguments we have made. My debating experiences will allow me to go through hard times in workplaces.

The English debate team has gone through a lot of ups and downs. We had moments where we shared happiness by making jokes about the motion and how the debaters performed. We also had moment where we were down and depressed.

Lately in form five, our team joined the 34th Sing Tao Inter-School Debating Competition. We used almost every single minute to pave our way for it. We enjoyed the process, and although we lost, we learnt.

When one tends to focus a lot on "Victory" and "Defeat", one may get carried away and miss out the tiny bits in the process. Before the debate, I never thought I could be better. However, in this school year, everyone, especially Miss Lee, proved that I was wrong. Sometimes we had to look at the brighter side. For example, when you lose a football match, you may think that you haven't done enough to keep up with the team. Calm down and think twice. Why are you in the team? It is because everyone respects your skills and talents. Instead of weeping over the mishaps, why don't we focus on the lesson brought by it, and gear up to be a better team?

Therefore, the defeat of the Sing Tao Inter-School debate competition gave me a meaningful life lesson: First, winning or losing doesn't matter the most. What matters is whether we learn from the process. Second, believe in yourself. There is no time for us to hesitate when it comes to making tough choices

Indeed, my school life as a form five student means a lot in my life. I have met wonderful teammates and teachers who stood by me throughout these years. They always accompanied me when I have no idea how the flow of the debate goes. They patiently pulled my back on track and comforted me when I was in distress. I was crying at the backstage before the announcement of the result in the Singtao Grand Final. It was not about winning or losing; it was not about how I suppressed nervousness when I stood on stage, but it was solely because of the sense of belonging I have to my beloved school.

After a long story-telling, I would like to salute to my alma mater - Thank you for nourishing students and make us a better person. Happy 50th anniversary, Chan Sui Ki (La Salle) College!

Salute, the English Debate Team!

"Lead us in our games and studies, so that in the halls of fame,

Now and in the life before us, We shall ring Thy name!"

Never Say Die! Let the legacy continues.

Key to success-Team Work

Debating is always demanding and challenging for me, or perhaps, for everyone. Many reflect that debate is too exhausting or too difficult, but what makes me enthused by it isn't debating itself, but the 'debate team'.

Every year, my teammates and I face countless debate matches. In each of them, we spare no effort to strive for the win, and of course we endeavour to excel. This year, we successfully reached the Grand Final of the Singtao Debating Competition, with thousands in the audience and strong opponents on the other side.

Was I afraid? Yes, although I was only one of the floor debaters.

Were my teammates nervous? Yes, for sure.

Did we win? No, unfortunately.

Team work

But, was I disappointed? Surprisingly, no. Instead, I was delighted!

I was delighted to see the

cohesion of the team! Throughout
the whole preparation week, from
data researching to speech drafting, each of us was
indispensable to the team, because debate is never the
work of an individual. We have to rely on one another. I
remembered one of my teammates cried after the match.
Why? He said that it was because he had a sense of
belonging. He felt that his teammates were truly caring
and supportive of him despite his shortcomings. This is
teamwork! This is unity! No one is flawless in a team, but
how we treat our teammates and how we work together
is all that matters. I know I might not be the best, but my
team is always the best in my heart. I am proud to be part
of the family.

Lastly, I would like to thank all of my teammates: Larry, Joshua, Christian, Zenith and Ryan, who helped me to overcome every obstacle I encounter on the way, and also my coach, Miss Lee, who has guided us all the time. Frankly, it has been an eye-opening experience and I will never forget such a meaningful year!

My voice - Choy Shing Yau, Zenith

What is debating for me?

As a member of the English debate team, "how to debate" is already not the only thing I have mastered.

Throughout the two years of my 'debate life', I realize debating is never a one-man mission. We have to

communicate, and figure out the optimum way to outwit in a debate. Therefore, we have built up a committed relationship. This influences how good we can go when we are on the stage.

Preparation of every debate is not a walk in the park. Also, Rome wasn't built in a day. We have to put in effort and hope for a pay-off. I remember on one occasion, my teammates and I had to work on a motion overnight and didn't even manage to sleep. Team work is the point.

Lastly, I would like to express my gratitude to my coach, teammates, and everyone who has been with me. I wouldn't have grown this much without their endless support.

My first debut

Rvan

This is my first year in the English Debate Team. I felt very lucky to be a floor debater in the SingTao Debate Competition Grand Final.

Before the match, our coach, Miss YM Lee, asked two Form 3 teammates and I to be floor debaters. Our job was easy: to find information, and to form questions to ask our opponents. At first, I thought it would be easy to just go online to find different information and write a few sentences, but it turned out to be harder than it looked. Finding different information was not hard, but the challenging part was to combine the information we collected and make a question. I took days to think of just one question. I asked my parents for suggestions. They really helped me a lot. And this made me understand how

difficult it was for the Form 5 teammates to write scripts with hundreds of words. They really worked a lot more than I did.

When the match began, I was very excited, yet nervous. After both captains delivered their speeches, my teammates and I prepared for the floor question section. When it was time for me to ask the floor questions, I felt so nervous that my legs were shaking, but I had confidence in myself and I soon completed my mission successfully. I felt much less stressed after asking my questions.

I felt very lucky to be a member in this competition, especially because it was my first match. The most important thing for me is that I gained experience. I hope soon our school can win the champion title of the Singtao Debating Competition next year.

RELIGIOUS ACTIVITIES

"Prepare a path for God so that he can enter your heart." St John Baptist De La Salle

Fr Cheung, Fr Law Stephen, Fr Lo Ignatius, Fr

Kong Denis and Fr Fung celebrated Opening Mass, Lenten Mass and Monthly Mass with us. Fr Law Stephen and Fr Lo Ignatius also listened to boys' confessions during Lent.

Brother Thomas came to lead the Christmas service and Graduation prayer service. Brother Thomas' gentle hands blessed all graduates. They were given faith in their path to success.

All form one boys made a handmade box filled with photos and a cross for the senior boys, wishing them every success in the HKDSE. It is a sign of blessing and friendship amongst Lasallians.

Several VIPs came to our Religious classroom to share their faith, vocation and life.

The most impressive VIP is Mr Cheung Man Tat.

"I can't believe I could make friend with a former prisoner and he indeed inspired me a lot!" Man Tat is a rehabilitated offender. He told us his wonderful experience after knowing God. He has renewed his life under the love of God and the church. After 26 years of being a prisoner, Man Tat has set up an NGO serving rehabilitated offenders.

CSK Farm Project

"How come we never discover a variety of plants and insect species just behind our school!" boys said that after a tour walking around the school guided by a farmer Kevin from Good Family Farm. A course of plantation offers a precious opportunity to boys to touch soil and experience the creations of God through nature.

Macao Pilgrimage

"I find that I could live without mobile phone, I really talk more and play games with others. I know more friends. I could meet a group of people and get along with all. I have built up a trustworthy relationship."

"It is my honour to meet Bishop Stephen Lee Bun-sang."

"I start to believe in God now. My path is clearer than before. Simplicity in life is not that difficult"

Fr Paul Nguyen, Fr Ignatius Lo and Brother Francisco, Brother Bosco and Bishop Stephen Lee Bun-sang accompanied us to experience the Catholic culture of Macao. The theme of the activity is "Shall we talk?" Different communication games, meditation on reviewing one's life, the pilgrimage tour, Daily Mass and mentor personal talk created a very good group dynamic. We have done so many goodness than ever; we have washed all utensils after meal; we have early sleep and wake-up; we have helped others in need. It is a fruitful experience for our boys.

We have come to know every meaning behind the religious heritage. We were amazed by the portraits of different saints and now we understand more about their devotion to God. We were astonished by the church architecture and every religious item in the church.

We could only echo our patron saint's saying to conclude our pilgrimage tour. That is "The miracles of God's Providence takes place every day."

DRAMA

Every year, Drama Club presents a performance to everyone, we aim to deliver insights and enlightenments to our schoolmates and teenagers through the shows. This year, Drama Club presents "The world has changed".

The drama is about a teenager, Ah Kit, who is alienated by his classmates because of his outstanding academic results. He feels lonely at school. However, he has a great life goal. He wants to help the academically-

incapable ones by tutoring them through youtube videos. But influenced by another youtuber later, he realizes that Youtube is a channel to ease his loneliness, and then his original motive to help others is forgotten. Wanting to get more 'views' and 'likes', he seeks attention online crazily by all means. At last, he goes astray as he wants to be famous at whatever cost.

This show teaches us to stay gold, and not to forget our original goal. It also reflects how we should use the Internet wisely. Every show of ours has a hidden message, and we hope

that every viewer can be illuminated. For us, performers and organizers, we have also learned and achieved much. We had a lot of newcomers this year. None of us were professionals, but we learnt to be cooperative and persistent. We treated every rehearsal seriously. I know they have done their utmost for the good show. We held an annual performance for Form 1-4 students and a public performance on 1 April and 4 April respectively. They all went smoothly. This drama was the first ever full length show, which has a duration of almost an hour. Moreover, it was the first time for us to demonstrate a live chemical experiment in a drama! We will continue to strive for improvement in the coming years.

During the production, there were countless hiccups. Regardless of being an actor or a stagehand, we must confront difficulties together as one. I remember our director Mr. Ying emphasized the importance of teamwork by saying, 'If the show can still go on without one, that one is unnecessary.' Each of us, no matter in which post, is important to our performance. Think about that a show without music and sound effect, think

> about that a show without props and sets. It is horrendous, right? The cast and the stagehands are actually complementing each other. No one is dispensable in our team!

> As for me, although I have been in the Drama Club for three years, I still have my shortcomings. I had even doubted myself. But I was delighted that the crew was truly caring and supporting me throughout the whole production. It was well said that 'The noblest art is that of making others happy.' The harmonious cohesion of the club is the reason why I think

drama is that 'noble art'.

Lastly, as the Vice-Chairman, I am honored to have such a helpful team of committees on my side so that this year's performance could be run swimmingly. Thank you all committee members. I would also like to give all the Old Boys credits for helping us all the way from the start. Without them and their professional advice, we might not make it. I have no regrets being

AFS EXCHANGE PROGRAM

Antoon, an exchange student from Belgium

Hello everybody, I am Antoon from class 4D. I am an exchange student in Hong Kong, and I would like to tell you how I experience Hong Kong, why I came to Hong Kong, what I do like in Hong Kong, what I don't like, and something about my home country.

So, first some information about my home country. I was born in Belgium, a small country in Western Europe, with a population of 11 million. Belgium has the best chocolate in the world, and it is famous for waffles, French fries and beer. The capital of Belgium is Brussels, and Ghent, Bruges, Antwerp are some other big cities. I live in a small village named Kessel, which is close to Antwerp.

This exchange adventure all started when I saw an advertisement from AFS. I went to some meetings from AFS and signed up, because I thought it would be fun and I would learn a lot from this experience. I chose Hong Kong because it is a big city, in which many people speak English. It is a place where "East meets West", and I heard that the people in Hong Kong are very friendly.

In Belgium, I live in a big house, with twelve other people: 3 brothers, a sister, a niece, 2 nephews, my aunt and uncle, my mom, and my grandparents. That is totally different from the living style here. In Hong Kong, the houses are very small and they are almost all apartment buildings.

I like Hong Kong because of the food and drinks: bubble tea, chicken feet, noodles, pork stomach, lemon tea. I like them all. There is also some interesting food like durians and fishballs. The second reason why I like Hong

Kong is that there are many skyscrapers. They are all very impressive, tall, beautiful, making a wonderful skyline.

And the third reason is the people here are all very friendly, helpful, and they speak English.

The disadvantage living in Hong Kong is that the houses are all very small; the weather is always hot and humid, and I need to wear a uniform when I go to school. But after all I like Hong Kong very much.

Lastly, I would like to thank everybody from class 4D for their support, they help me a lot and I appreciate that very much.

FORM 2 CHARACTER BUILDING AND LIFE PLANNING

This is a programme jointly organized by Careers Counselling Section and the Art Department. In the programme, around 20 retired persons came to share their experience with our F.2 students. After the sharing, students were asked to invent their own Chinese character with their interests and dreams embedded.

MENTORSHIP PROGRAMMES

Three mentorship programmes were organized. In the programme "My Career", the senior old boys shared their experience with our students. In the Mentorship Programme for F.6, the young old boys shared with our students about their lives in universities and the strategies for the preparation of HKDSE. In the Mentorship Programme for F.5", with the help of the freshly graduated old boys, our students learnt more about their vocational personality. They also got hands-on experience about different pathways after graduation.

GEARING UP FOR THE 50TH ANNIVERSARY CELEBRATION

Walkathon

The 50th Anniversary Walkathon was held successfully on 23 February 2019. All members of our big CSK family came back to the campus and participated in this meaningful event. We were honoured to have Brother Thomas Lavin, Brother Patrick Tierney, Brother Chris Soosai and other distinguished guests to officiate at the Opening Ceremony. The Principals of other Christian Brothers' schools also took part in the Walkathon. A big thank you to all the guests and participants who responded to the school's call to support the Walkathon.

Athletics Meet for Old Boys

For the first time in the history of Chan Sui Ki (La Salle) College, old boys of all ages competed in an athletics meet on 4^{th} May 2019 to celebrate its 50^{th} anniversary. Despite occasional rain showers, around forty old boys competed in a variety of track and field events at Perth Street Sports Ground, exhibiting strength, skill and endurance. While the competitors were contending for the crown, their family and friends gave them the best cheers on the spectators' stand. The fundraising event organized by the Old Boys' Association was drawn to a close with some old boys and their children taking part in a 2 x 50 m family relay. The fantastic afternoon provided an opportunity for old boys to meet the retired teachers and to strengthen the spirit of boys in red.

Fundraising Dinner

The Golden Jubilee Fundraising Dinner was held successfully on 22 June 2019 at the school hall. The event was hosted by the Old Boys' Association. It brought together the CSK community. High points from the evening included a range of performances and a live auction. All donations received went to the CSK Golden Jubilee Fund for improving the school facilities and learning environment for students. A big thank you to everyone who supported the event, making it a great success.

Inter-class Video Shooting Competition

To celebrate our Golden Jubilee Year, our school organised an inter-class video-shooting competition. Each winning class was awarded \$800 worth of vouchers as prizes. Congratulations to the winning classes of the competition! The best five winning classes of the 50th Anniversary Inter-class Video Shooting Competition were class 1C, 5A, 1D, 2A and 3C.

The winning entries were uploaded to the school 50th anniversary Facebook and Instagram pages. Videos produced by all classes were made available to be viewed during lunchtime for three consecutive days in late May. Students enjoyed the showcase and found the videos entertaining and unforgettable. We are looking forward to other celebratory events.

生會失慶多種

開,令整個舊生會上下忙個不亦樂乎。 入二零一九年,五十週年金禧校慶的一系列活動接踵展

CSK Golden Jubilee Fund, 賽都令人期待。多位退休和現任老師特地到場打氣,運動員 恩師難得碰 的金牌人馬風采再現。不同年代的好手同場較技,每場比 的田徑健兒重踏賽場, 們開創先河, , 但 我們把僅有的盈餘全部撥捐予配合校慶成立的 暢談今昔,場面溫馨愉快。陸運會的報名 和學校合辦五十週年舊生陸運會, 讓接力校隊再次合作,叱 藉此機會讓舊生們向學校捐

拍賣競價異常熱烈,高潮迭起。整晚參與捐款的舊生人數 堂。在這個眾志成城的晚上,名副其實是有錢出錢,有力出 Fund籌得七十多萬元,以支持學校的長遠發展。 ,冀望集腋成裘幫母校。校長老師輪流獻技,別開生面; 數額大,令人喜出望外,結果即場為Golden Jubilee 生會主辦的金禧籌款晚宴,把充滿舊香港情懷的 帶進校園,歷屆舊生和老師一呼百應, 擠滿禮 筵席

一生 世校慶活動,即 校。而且,要貢獻母校實在不拘一格,只要有心就有機會。 多,讓我深深感受到,我們陳瑞祺學生既人才輩出又熱愛母 款、宣傳影片、金禧特刊等。舊生參與的範圍廣闊,方式繁 生出手協助的身影,例如校慶徽號設計比賽、步行籌 雖然並非由舊生會主辦,但也不難見到

反思良機

尚晚宴的日期,原來,這 則,我已不時被師兄們追 員籌備的重擔。自一年多 即和家長組成委員會,肩

計劃回港出席。晚宴現已定於二零二祺舊生,不想錯過盛會,紛紛

意我們發放的相關消息。 待之餘,也請多多支持籌委的工作,並留二月廿二日舉行,大家呼朋喚友、拭目以計劃回港出席。晚宴現已定於二零二零年

間建立了甚麼?下一個五十年又要向哪裏何?修士、老師、家長和師兄在這五十年這兩個字對老師、舊生和學子的意義為 家族對辦學有何願景?甚麼是 來為校慶活動搜集資料 得起下一代人呢? 進?接力棒已交到我們這一代人手上, 如何跑好這一棒,才不負前人寄望, (喇沙) 重新思索。由簡單的我們為何 沉澱心思 也 書院開始, 是 相 個 聚 回 慶 到捐款建校的陳氏 來的好 顧 祝 讓我得以追本溯 去 除 「喇沙」? 可叫陳瑞 合 視初 力捐 近月
