The immortal spirit - Never Say Die

The Brotherhood from Training

Have you ever heard the cheers of hundreds of students, their parents, teachers and old boys in a competition? This unforgettable scene has become my memory after I participated in the inter-school athletics competition. As a member of the school athletics team, I have been given the chance to represent our school and as a result, I have a more fruitful school life.

The sense of unity and brotherhood I have experienced are invaluable experiences that I have gained from being a member of the athletics team. In every training session, senior students always lead the junior members and we encourage each other. This is how we show unity and stand together as one. Gradually, our brotherhood is developed through training sessions and competitions. We believe that while some great things are done by individuals, a greater sense of achievement is felt if you add teamwork. Unity is important if we want to fulfil our ambitions.

In addition to unity, the sense of belonging we get also drives us to pursue and fight for the glory for our school. The athletics team has influenced, motivated and inspired me. My sense of belonging has become stronger and stronger. Last year, I was the captain of the B grade athletics team, I learned how to be a good leader. This role has made me a good leader and I have gained a lot of confidence.

I have gained a lot from the athletics team and the slogan 'Never Say Die', has made a profound impact on me.

Something Learnt from Badminton

CSK Badminton team has set foot in Division 1 for more than 15 years. Our teammates strive their best, fighting for glory, not just for themselves, but also for the school. Their efforts pay off.

We did well in every single competition and we got numerous prizes every year. Besides, under the guidance of our very dedicated and talented coaches, Mr F M Ying and Mr W H Lam, we have got championship in the Jing Ying Competition twice in the previous ten years.

Badminton Team gives us a place to learn, not only the skills of badminton, but also the importance of team spirit. Whenever we have competitions, we won't give up. We encourage each other as we know teamwork is of paramount importance when it comes to winning a competition. The CSK spirit is always hovering around us. The 'Never Say Die' is a motto for all sports team members in the school.

Indeed, we have improved a lot. We are more mature; we are stronger; we are tougher. Although we know that there are pitfalls ahead, we will face them positively. We will be courageous and persistent.

LASALLIAN

Always with faith to God

La Salle Exchange Programme

CBS Exchange Programme is a joint-school activity. Last year, I was selected to join this programme and was assigned to St Joseph's College (SJC). It was really a valuable experience which I could explore the culture in SJC and learn a lot from their boys!

Members of Lasallian Youth Movement arranged several ice-breaking games for all participants. For me, these activities were really unparalleled experience. I built friendship with many Lasallians. I didn't regret missing lessons for a whole week in CSK since meeting new friends is what makes my life wonderful.

My school life in CSK

I remember my first day in CSK quite well. It was a hot summer morning and I had to walk onto the stage to give a short speech to introduce myself. When I was standing there, looking at hundreds of students smartly dressed in their uniforms, I felt nervous and stuttered as I introduced myself. The unknown environment was so disconcerting for me. This was my first big culture shock in Hong Kong, but my impressions changed soon.

Classmates and teachers welcomed me cordially and I got used to wearing my school uniform. There are no such things as school uniforms in Germany, so, at first, this was strange. Even though lining up for the morning assembly or other things such as praying before the lesson seemed very strict and even a bit military to me, after a while, I got used to how well-disciplined a school could be.

It was not long until I made friends with schoolmates and I joined the long distance running team. Soon I was a part of CSK and I felt proud to represent my school in interschool competitions. The great CSK team spirit deeply impressed me, since I had never seen such devoted support to a school before. All in all I had a desirable experience in CSK and I am happy to be "a boy in red".

Tristen from Germany

The Missions of Catholic Society

Last year, I was responsible for the religious-related activities and this was the greatest opportunity for me to contribute my religion and serve my fellow schoolmates.

Here, I would like to share one of our major activities, Catholic Gathering, with you. Katso emphasizes on the communication between peers through mutual sharing. Every Wednesday, there is a luncheon meeting which provides a platform for Catholics and non-Catholics to support each other.

This is a fruitful academic year. I tried my best to practise the motto "Enter to Learn, Leave to Serve". I do hope that all of you can enjoy studying in a Catholic School. See you in Catholic Society and may God always be with you!

LITERATURE

Literature with passion

and time we put into our preparation, we, nevertheless, lost by two points. The adjudicator said that we did well individually but lacked the most important thing, teamwork. He said that we could not link our speeches and rebuttals together, and without the connection, it would be hard to let the audience understand us.

I will continue to do my best in the future debates to make my school life more fruitful.

Jason Lui from 5E

中文・改變・成長

零一三年至二零一四年的學年，我過了一個別具意義的一年，有幸成為中文學會的會長，付出是多，但收獲更多。

回顧以往當會長前的中學生活，只是一個普普通通的學生，每天與同學讀書和玩樂的日子，難忘的事沒有太多。不過，由得到老師的邀請到舉行每個會議和活動，都是深刻的經驗。舉辦每個活動都是自己的第一次，第一次分配人手，第一次在早會上演講，第一次要在台上面對全校同學主持比賽……每一個行為都會受到同學的注視，是挺大壓力，不過也是一種鍛鍊和體會，以往觀看其他同學在台上的演講，看似容易，當到了自己站在台上，才明白有多困難。

演講比賽和辯論比賽都是在禮堂的台上進行，在眾多同學面前，參賽同學自然流暢的表現都驅使我的主持工作要做得更好。

失之東隅，收之桑榆，會長的工作的確不少，每天的時間有限，溫書的時間確是減少，在追趕學業進度上是較以往辛苦。不過，當會長的工作經驗卻是十分珍貴，是管理的經驗，是溝通的經驗，在書本上學不到的。

一己之力難以成就甚麼，活動能夠完成有賴幹事主動承擔不同工作以及同學的支持，更要感激老師為我們提供不少意見和配合。希望各位同學和新一屆的學會成員能繼續支持中文學會和為學會努力，令中文學會更上層樓。

2013-2014 年度中文學會會長
六丙班 鄧梓俊

Unity is strength

I have joined the English debate team since Form 3, and I have been guided by three teachers, Mr KK Lee, Ms Au and Ms YM Lee. All have been helpful and have often given me advice on my speeches. So I would like to thank them for sacrificing their precious time. I also want to thank my teammates for their support and hard work.

Having participated in a number of debates, I have experienced many defeats and victories. The most unforgettable experience I had was the debate against Wan Yan College, the most competitive opponent we have met so far. In spite of the effort

CULTURE

The diversified culture in CSK

Visual Arts Study Tour 2014

Overseas Learning Partnership Committee and Visual Arts Department co-organized a 5-day study tour to Taipei in July. Three Visual Arts teachers, Mrs. Mak Tse, Mr. M H Ying and Mr. S H Lam, were in charge of the tour.

During the tour, students visited various museums and exhibitions such as Taipei Fine Arts Museum (TFAM), Museum of Contemporary Art, Taipei, Ju Ming Museum and Yingge Ceramics Museum. They appreciated and were inspired by both the traditional and contemporary art pieces.

Students also visited historical and modern buildings in Taiwan and were very much impressed. They even had the chance to meet some contemporary artists who shared their experience in International Artist Village, Taipei. They also took a ceramics course and learnt how to keep records for their work in their visual diaries.

Apart from visiting museums and exhibitions, student enjoyed their time at Raohe Street Tourist Night Market and tried different kinds of local food.

Everyone had a good time in the trip.

Mr. S.H. Lam

The first show of the Drama Club

Gained much support from the audience, our first show has been a great success.

Before the show, we made props and designed our own costumes. We even rehearsed very hard just to make sure that we would not disappoint anyone.

Over 400 relatives and friends of the Drama Club came to support us that night. While we were waiting behind the closed curtain before we made our appearance in front of them, all of us were anxious and just hoped that everything would run smoothly.

The curtain was raised. We could really feel how stunning it was to have so many people come and support us. During the show, there were some minor but acceptable errors made on stage as the actors were quite stressed. After the show, the audience gave us a round of applause. Both the actors and backstage crew were happy that the audience liked the show. The actors then went down the stage and took pictures with their friends and family.

It is definitely an unforgettable experience for everyone of the Drama Club.

Ringo Lam from 5E

SERVICE

We serve others whole-heartedly

The Memory of Caritas Bazaar

A yearly event, Caritas Bazaar, was held successfully on 10th November, 2014 at Fa Hui Park. With the help of the Parent-Teacher Association, we got plenty of goods, ranging from toys to household decorations, for sale.

This year, the unpredictable weather was a big challenge and an obstacle for us. Most of our goods got wet. However, we lived up to the expectation of the school and our teachers. The whole event ended with success. A lot of people joined this meaningful day in order to raise fund for Caritas, which is a multi-service organization. Caritas has continuously developed and modified its services in response to Hong Kong's changing needs. We are all very happy to have contributed to this meaningful cause.

The event would not have been a success without the support of our Principal and the teacher advisors, Mr C K Wong, Mr W K Wong and Mr M H Siu. It is also a great life experience for all the prefects.

Lucar Mok from 5B

From Red Cross member to chairperson

Science Society or Football Club? Scouts or Red Cross? Which club or society should I join? Every recruitment day, some students claim that their club activities are interesting and say one can enjoy many benefits by joining their clubs. There are always a lot of choices.

I made the right decision joining the Red Cross. I learnt many skills such as tying knots, sign language, and first-aid. I can use these skills to help others, which is satisfying and meaningful. I have made many friends from other schools, and learnt how to cooperate with others.

This year, my role has changed. I have become the chairman of the Red Cross. I should be stronger and more mature in order to handle things well. I can never be naive anymore. I need to take care of both old and new members and build up relationships with them. I am responsible for all the things to do with this club. Luckily, my committee members help me a lot and reduce my workload.

Being a part of the Red Cross has made my school life more fruitful. It has also made my life in CSK extraordinary.

Leung Kwok Wai (5E)
Chairman of the Red Cross
