Words from the Chief Editor Man Chi Hang 6A

This is the last issue of CSK Pulse this year. In this issue, we added more photos in the article to make them more attractive. A new element was added — a matching game. Of course, there are many articles about school life, such as CSK Walkathon. We hope all of you enjoy CSK Pulse. Thank You!

2nd Issue June

Walkathon 2006

6A Fok Chun Chung

“Boo!” After the blare, teachers, parents and students representing CSK started their first step from the campus and it marked a historical time for all of us.

The day was 23rd March, 2006, our first fund raising walkathon. The event aimed to establish the School Development Fund for the procurement of furniture and equipment in the chapel, the expansion of I.T. facilities, the library development project, the campus TV and other school development projects. However, the walkathon did not only aim at money, it also offered an opportunity for students to experience sense of belonging and Lasallian spirit.

At 10:30am, after the short speech given by our vice principal, Mr K.C.Wong, and our guest, Mr Chiang Sai-cheong, the Kowloon City District Councillor, the significant part of the starting ceremony began. The starting ceremony was officiated by Mr Chiang, Brother Patrick, Director of Hong Kong Lasallian Schools and Brother Lawrence, our Supervisor, Mr. K.K. Sze, our principal and Mr K.C. Wong, our vice principal. Then Mr Chiang sounded the horn loudly indicating the start of the walkathon.

The whole school, including teachers, old boys, students of F.1 to F.6 and some of their parents, walked for

about three kilometres along the paths near the school campus. The walkathon route began at CSK, continued to Sheung Lok Street, Ko Shan Road and the Red Light Hill and back to the campus as the finishing point. The whole route was generally straight and flat, except the steps to the Red Light Hill. The weather was cloudy and it began to rain after the walkathon had started for a while. However, the wet weather couldn't alter our spirit and our will of taking such a meaningful walk as being a part of CSK.

Thanks should go to the teachers, prefects and student helpers who reached the assigned positions in advance to ensure the safety of all the participants. Police

... Con'd next page

officers should also be thanked. The walkathon was held smoothly and orderly. After passing the Red Light Hill, parents and F.6 students who set out the earliest came back to the CSK campus at about 12 noon. As expected, all participants used less than an hour to complete the route without a hitch. After having a recess, classes were dismissed at 1:00pm and the first fund raising walkathon of CSK was completed successfully. Despite the feeling of fatigue, all the boys looked cheerful and satisfied when they left the campus.

The result on that day was a remarkable success that should be attributed to the effort of many staff and students. They had started organizing the fund raising campaign long before the walkathon was actually held, such as making the special arrangement, appealing for donations, making promotion videos, etc. In fact, when responding to the appeal, all the teachers, parents and students were very generous. Thanks to the participation, generous donations and support from parents, students, old boys and staff. Walkathon 2006 was a huge success for both CSK and all the boys in red.

Report on Inter-school Athletics meet

Wong Man Lung 6A

**'Go! Go! win the race,
Run run run for CSK!'**

Fellow students, do you still remember this slogan?

Right, it is a slogan used during the inter-school athletics meets to support our school athletics team members.

As an annual important sports event in Hong Kong, the inter-school athletics championship was held on 1st, 7th and 10th March respectively at Wan Chai Sports Ground.

Having been promoted to division 1, all team members wanted to perform well this year in order to achieve better results. As a result, they were well prepared and trained. They needed every CSK student's support. In view of this, the Students Association specially invited Form 1 to Form 3 students as well as Form 6 students to go and support our school team. They practised the slogans many times.

Not only the chosen students, but also the teachers as well

as old boys came and cheered our school team up at the inter-school athletics meets. During the inter-school athletics meets, some old boys even came and supported us just after having their university lectures.

For every event in which our school team took part, we rose as one man and shouted aloud our slogans. We entirely showed Lasallian spirit in supporting our school team. Here, thank all the people who came and supported our school team. Without your participation and support, our school teams would not have achieved such fantastic results!

The most memorable thing should be the encouragement from other Lasallian schools.

On the final day, both La Salle College as well as Chong Gene Hang College supported our school when they realized that our school was fighting against the others. This Lasallian spirit must be admired, since it integrates the game spirit of inclusion with harmony. Just as what a slogan says: We are Lasallians!

Overall, our school team did brilliantly. On both Day 1 and Day 2, our school ranked 10th out of sixteen schools in the division 1 race. At last, our school ranked 11th. As a result, we can stay in Division One next year.

The Inter-school Athletics Championships 2005-2006 Team results are as follows:

Overall	11th
A grade	6th
B grade	11th
C grade	12th

Last but not least, although we can successfully stay in division 1, we must continue to do better to achieve better results next year. Athletics Team, try your best and no regrets!

林婉儀老師專訪

四丁 黃逸強 四丁 郭康祐

林老師表示當知道自己懷孕後，心情感到開心之餘，也覺得很辛苦，因為足足嘔吐了五個多月，直至踏入六個月，情況才好轉。之後便開始感受到一種難以形容的感覺，特別是每當孩子在肚裡活動的時候，更覺得生命的奇妙。

由於林老師較選定的日子早了三天分娩，在沒有心理準備下便要到医院生產，所以當時她只感到十分緊張，腦海一片空白，幸好有丈夫陪伴，才得以安心，最後她成功誕下了一名男嬰。她的孩子名叫羅晴邦，「晴邦」的意思是寓意孩子在宇宙天地間每天的生活也是開開心心的，而林老師則期望孩子能快樂地成長。

此外，林老師認為自己身為老師及母親兩個身份並無衝突，對學生當然會嚴格一些，希望他們能好好學習知識及懂得做人處事的道理，但對自己的兒子不一定採取較寬鬆的態度，要知我們要做有用的人，生命才有價值。若真的要說分別，只能說自己的孩子犯了錯，她除可責罵外，還可以打他，但學生便不可打；打他後她又可錫他、抱他，但學生便不可這樣做。總之，若她的兒子與學生同在一班上課，她絕對以一視同仁的態度來看待，至於離開病房後會如何呢？林老師：「你們自己想想吧……」

楊宏亮老師專訪

六甲 葉繼豪 六甲 黃文龍

本年初，楊老師來到CSK接替任教約半年的潘老師，而他所任教的科目是生物和綜合科學科。為了加深同學對楊老師的認識，本報特地與楊老師做了一個訪問。

其實，楊老師在任教CSK之前的工作大多是在其他學校代課，現在則轉為全職老師。來到CSK已數月多了，他覺得CSK的老師都很好、很友善，當他有需要時他們都樂於給予援助；而對於CSK的學生，他則表示，陳瑞祺的同學都很活潑好動、品性純良；不過有時說話太多，有時會影響教學。整體來說他們都比其他學校的學生「醒目」。

CSK最令楊老師感興趣的是CSK是一間男校。楊老師比較喜歡男校，因為學生較為活躍，不會那麼沉悶。另外亦因喜歡運動，楊老師會有較多機會與學生接觸。

楊老師補充說希望同學能享受校園生活，趁年輕學多點東西，盡量參加一些課外活動、充實自己，以迎接未來的挑戰。

Recently, 5 teachers in CSK gave birth to 5 lovely babies. They are Ms. Y.M. Lee, Ms. M.K. Tse, Ms. W.L. Leung, Ms. Y.L. Tse and Ms. Y.Y. Lam. Do you want to find out how smart you are? Match the photos with the names of teachers below.

Prizes

Chan Kwan Hang, Kris 4D
Man Chi Hang 6A

Our school captured some prizes recently in the "Youth Smoking Prevention Display Board Design Competition", "Don't Give up Short Video Competition", "Bridge Design Competition" and "Hong Kong Inter-School Straw Trebuchet Design and Construction Competition".

"Youth Smoking Prevention Display Board Design Competition" was organized by the Committee of Youth Smoking Prevention. 171 teams from 86 schools took part in this competition, and it aims to promote smoke-free campus and prevent teenagers from smoking. Our team captured four prizes namely Best Design Award of West Kowloon Division and Hong Kong Division, Most Popular Design Award (West Kowloon Division) and First Runner-up Design Award of Hong Kong, Zhu Hai and Macau. The board was designed by Shuen Chun Kei, Ma Tsz Hin, Liu Kai Kin and Yip Wai Kin.

The Mass Media Society of our school captured the second place in the "Don't Give up Short Video Competition" organized by Good News Communication International. The 2-minute video is about the story of Li Chun Lok who has broken his left arm and plays the piano with one arm. The aim of this competition is to encourage teenagers to have a positive view of life. The video was produced by Yiu Kin Man (3C), Or Hon Ting (3E), Wong Kin Hei (3B), Wong Ka Shing (4E) and Chiu Chung Ki (4E). Cable TV sent a crew to have an interview with our prize winners, and the TV programme was shown at 8:30pm on March 28, 2006, channel 51. We did an interview with Yiu Kin Man. He said "I am glad that our team won the 1st Runner-up. We want our schoolmates to learn from the main character, such as his patience. This is the first time we have entered the competition. We need to thank Mr. K.T. Yu".

The Civil Engineering Students' Society of the Hong Kong University of Science and Technology organized a Bridge Design Competition recently. Six of our Form 6 students captured the 1st Runner-up of the competition. They are Woo Ka Ming (Leader) (6A), Lui Wing Cheung Kenneth (6A), Lam Chin Yat (6A), Man Chi Hang (6A), Siu Ling Kit (6A) and Lee Pok Sem (6B). This Competition was held in order to boost the interest of secondary students in the subject of Civil Engineering and to raise public awareness of Civil Engineering and its application. They built a light weight bridge that can let a car with 15 kg mass run across. Woo said "We were excited in the competition and we are glad that we can get a prize. We have many ideas, but all our ideas are about triangular shapes." Siu said "Lam and I once worked until 3a.m., but we think that it is worth doing so."

The Physics and Materials Science Society of The City University of Hong Kong Students' Union recently organized the Hong Kong Inter-School Straw Trebuchet Design and Construction

Competition. Four of our Form 6 students had captured the 17th place out of 200 senior teams. They are Woo Ka Ming (6A), Lui Wing Cheung Kenneth (6A), Lam Chin Yat (6A) and Siu Ling Kit (6A). This competition was held in order to enhance students' interest in Physics and material science and to boost the creativity of students. They were required to use 150 straws and a piece of 80-meter string to build a Straw Trebuchet in 90 minutes, and then project a shuttlecock with the Trebuchet as far as possible. Our team's result was 5.31m, which is a long distance!

Lastly, congratulations to all prize-winners!
