

自加入陳瑞祺以來，一直受師長、師兄們的指點和薰陶，令我獲益良多，使我一直想找個機會貢獻學校。直至去年，有幸擔任中文學會會長，如願以償。

工作初期，因需處理學會事務，同時亦要兼顧學業，的確感受到不少的壓力。可是，得到的始終比失去的多：我學會了怎樣去選擇和管理工作團隊，學會了如何分配時間和工作，學會了與他人溝通的技巧，學懂了分工合作的重要性。

學會的工作十分具挑戰性，會令人從中不知不覺的長大。因此我十分鼓勵同學積極參與學會工作，為我校服務，為中學生涯留下一份難忘的回憶。

最後，我衷心感謝每一位曾為中文學會出過一分力的師長和同學，沒有你們的協助，去年活動不能辦得如此成功。

在二零一二至二零一三年度，我有幸成為中國歷史學會會長。過去一年，透過舉辦不同活動，例如參觀歷史博物館、中國歷史問答比賽、電影分享會等，讓同學擴闊視野，提高學習興趣，培養正面價值觀。更重要的是，通過這些有意義的活動，讓我們保留對歷史的珍貴回憶。

在這一整年的工作生涯中，最令我難忘的，就是參觀香港歷史博物館有關秦始皇的展覽。在參觀的過程中，同學可欣賞到不少相關的珍貴文物，當中更不乏國家一級文物，令我們大開眼界，獲益良多。

一個學會的成功，實有賴同學的鼓勵與支持。中國歷史學會的未來，就完全掌握在你們的手上。希望憑藉你們的鼎力支持，令中國歷史學會發揚光大。

我很慶幸自己有一個目標堅定的夢想，但很多人常跟我說：「你還在做演藝夢？」我想和那些人說，那不是做夢，而是夢想。

我在陳瑞祺六年了，在校內我認識了很多人。我參與了瑞祺劇團一些重要決策。我不是瑞祺劇團的大人物，但我在這裡，找回我自己。這地方比不上獲獎無數的校隊，亦比不上宣揚歸屬感的學生會，但這地方，你可以體驗到一些你在校其他地方不能給你的感覺！

我團由排練至演出大致經歷三個多月，在這三個多月期間排練佔二個月，上台約一個月，上台後演員可說是多了休息的時間，因為技術綵排和服裝綵排演員要先工作，而多年來也是演員的我，便在這時候統籌各部門，調解各部門的差異，協助各部門充分了解及滿足導演的要求，充分準備好製作一齣複雜的話劇。曾經有一次表演，台上欠了本應在桌上的道具刀子，最後只能用空氣演戲，經檢討後，下次的表演再也沒有犯這樣的錯誤。不過，縱然如此，我們還是努力不懈，碰到難題不逃避，勇於面對，全力解決難題，爭取成功！

我會把我在外面所學的戲劇知識帶回來教授我的師弟。因為我相信，只要我還是有夢想，終有一天，我會為我達成夢想感到自豪。而且，幫助下一位尋找夢想，是實現夢想後的延續。你，有夢想嗎？會勇於實現嗎？

Chan Sui Ki (La Salle) College
Year 2013 - 2014

Chan Sui Ki appeared in your life for a reason. You might not have known the reason at the time, but I am sure you will realize the reason behind it one day. The road to success is never smooth; however, our school song awakens us to stay "One in fellowship forever, Boys of Chan Sui Ki". Be united in fellowship, support each other, in good times and in bad, and then we can ring Her name in with success. I absolutely believe that entering CSK was not merely a fate of mine, but also a fate of all the students and teachers. So don't waste this priceless gift. From now on, no matter how insurmountable the challenges are, no matter how far away our goal is—start contributing to Chan Sui Ki and have your eye on creating a brighter chapter of CSK.

I joined the team three years ago and have won several prizes in the inter-school debate competitions.

In form three, I was chosen by my English teacher to join the team because of my presentation skills. Although my general English skills were just standard, I was willing to try. I can still remember that in my first competition, I was so nervous that my hands just couldn't stop shaking while I was delivering my speech! But with each competition, I learned from other great debaters and gained more and more experience. Now, I am not nervous anymore.

Moreover, I have improved my English skills and my presentation skills. The most important things in debating, for me, are communication and cooperation. During the debate, you will need to communicate with your teammates to discuss how to rebut. Without these two skills, you won't win the debate.

This year may be the last year for me to be a part of the team. I hope that I can gain experience and continue to enjoy debating. Also, I wish to encourage students who are interested in debating or just love to talk to join us now. You'll experience more than you think!

I would like to share my learning experience in Mathematics or Olympic Mathematics with you. I started my interest in Mathematics when I was studying in P.3. At that time, I liked Mathematics very much. I still like problem solving as it sets me challenges and enhances my confidence and logical thinking.

Some of my classmates do not like Mathematics or they are afraid of this subject. The reason is very simple: they do not understand it. Mathematics requires very clear thinking. First of all, you have to understand the basic principles and establish a good knowledge base. If you miss a lesson, you need to catch up. Otherwise, you cannot follow the next lesson as Mathematics is a coherent subject.

Finally, I believe, if you work hard, pay attention in class and do lots of practice, you will master Mathematics.

When I was small, I always wanted to understand Catholicism. Chan Sui Ki (La Salle) College gave me the opportunity to join the Catholic Society when I was in F1. During these few years, the Catholic department has strengthened its resolve. Although the school is a traditional Catholic School, the students were unwilling or reluctant to put an effort into religious studies. However, since there are a lot of Bible classes and related activities now, more schoolmates are attracted to it and they have begun to ask more about Catholicism. Also, patient teachers have become a major cause of the change.

For me, there is no doubt that in this school, I can understand and learn the basics of Catholicism, and develop a good attitude. I do hope that we will see more CSK boys rewarded in this way in the future.

After being the vice-chairman of the Music Society last year, I can truly feel the passion of music among CSK's boys. In the Singing Contest, the huge number of contestants shows that CSK boys love singing. Watching my schoolmates singing on the stage without fear, I believe that they gained confidence. Although there are winners and losers in each competition, it is not meaningless for those who have not won any prize at the end. They gained experience and improved.

Wong Pak Hei Kalman 6B
Vice-chairman of 2012-2013 Music Society

Last year, I was a member of a rock band. The reason why I joined the rock band is that I enjoy playing music in addition to listening to music. For me, music is about healing people's hearts with the sounds of musical instruments and lyrics. By reflecting our feelings, people can know more about themselves. It truly shows the connection between humanity and the unlimited possibilities of music. Music is all about life.

After the season last year, our school athletics team was promoted to division one again. As a team member or an athlete, it was a great honor for me. In addition to the effort we made, the support of our teachers, old boys, parents and schoolmates made this a reality.

As a matter of fact, it is quite hard to be a school team member because I have to sacrifice my time for training. However, one thing I learnt from the senior boys motivates me to continue. It is the sense of belongings. It has impressed me so much, especially in the inter-school athletic meets. It has changed my mind and has made me strive for the glory of my school. In every training session, I always try my best so as to achieve higher goals in competitions. It is good for me to be a member of the athletics team as it gives me a lot of inspiration and valuable experience.

Undoubtedly, the inter-school athletics meet last year was the most memorable and unforgettable event in my memory. Life is full of challenges. This year, we have to face more difficulties and stronger competitors. No matter how big the obstacles are, I believe that we can face them with our strong sense of belongings.
