## Form 7A Ho Chun Kit

*The school provides us with the best environment and motivates us to learn. During my seven years in CSK, I have not only gained unforgettable experiences with my classmates and teachers, but also the appropriate way to treat others well. The whole-hearted devotion of our teachers really helps us become well-rounded individuals.*

## Form 2A Wong Yik Lung

*My school is really a good place for learning. We have a well-equipped laboratory, a multi-purpose playground and a new building with many special rooms. The students here love the school very much. They work hard in examinations and try their best in competitions. Students really live with the spirit "Go, Go, Win the race, Run, Run, Run for CSK."*

## Wilson (PARENT)

*Being a father of two kids, I would rather choose a school with good environment not only in studies but also in Sports and other activities. Comparing all schools in Ho Man Tin, the only school with such a balance environment is CSKLSC.*

## Professor Wong Yuk Shan
