

**Evaluation Report on DLG-funded Other Programme (Gifted Education)**  
**2018-2019**

<b>Programme title</b>	<b>Objective(s)</b>	<b>Targets (No./level/selection)</b>	<b>Duration/Start Date</b>	<b>Deliverables</b>	<b>Evaluation</b>	<b>Expenditure</b>
Enhancing Form 4(promote to Form 5) students' language proficiency	To enhance students' proficiency in Chinese Language	20 Form four students	Aug 1.5 hours 8 sessions	Improvement in students' performance in both internal and public examination	1. The attendance was satisfactory 2. The oral feedback from participants was very positive 3. Students can master better writing skills and the knowledge of Chinese through this training course	\$2500
Enhancing Form 5(promote to Form 6) students' language proficiency	To enhance students' proficiency in Chinese Language	20 Form five students	Aug 1.5 hours 8 sessions	Improvement in students' performance in both internal and public examinations	1. The attendance was satisfactory 2. The oral feedback from participants was very positive 3. Students can master better writing skills and the knowledge of Chinese through this training course	\$2500
Pull out	To enhance elite	9 Form five elite	4 lessons	Students can	1. The attendance rate was	HKD 3,900

programme for S.5 Maths Elite students	students' ability in Mathematics and arouse their interests	students	11/4, 2/5, (3:30 – 5pm) 9/5, 16/5 (1:30 – 3 pm) 1.5 hours	learn some skills in solving selected Maths problems	over 75%. The attendance rate was fair. 2. It is difficult to arrange lesson time. There were many after school lessons and SBA for F.5 students, especially at the end of school term. 3. The teaching materials may not be difficult to the elite students. The tutor should give more challenging and non-textbook typed questions to students.	
Arduino and Maker Basic course	To provide chances for students 1. To have fun experiencing circuit building and work on Arduino projects 2. To have a very basic exposure to the STEM behind 3. To develop interest and	8 Form four and Form five students	5/10 to 14/12/2018 8 lessons (2 hours each)	The students are satisfied with the workshop	1. Eight boys attended the eight lesson course. 2. The attendance rate was quite high. Some students were not able to attend all lessons due to SBA, sick leave or other school activities. 3. Students found the program were quite challenging and they enjoyed learning new things very much.	HKD12,000

	curiosity in this area					
Arduino and Maker course-Advanced level	To provide chances for students 1. To have fun experiencing circuit building and work on Arduino projects 2.To have more exposure to create and design a small scale project. 3. To develop interest and curiosity in STEM	5 Form four and Form 5 students	27/12 to 22/3/2019 7 lessons (total 20 hours)	The students are satisfied with the workshop	<ol style="list-style-type: none"> <li>1. Five boys attended the seven lesson course.</li> <li>2. The attendance rate was quite high. Some students were not able to attend all lessons due to SBA, sick leave or other school activities.</li> <li>3. Students found the program were quite challenging and they enjoyed learning new things very much.</li> </ol>	HKD 20,000
Apps Design Course (Unity)	Learn more about apps design skills	Form five ICT students	From 2/10/2018 to 22/1/2019 - Every normal school day on Tuesday, 3:30pm-5:00pm	<p>Students know more about App programming.</p> <p>Students learn how to write mobile games using Unity.</p>	<p>It is important to emphasize the learning attitude of students because some students did not listen to the tutor and failed to finish their tasks in the lesson. Moreover, the level of this course is too difficult for senior form students.</p> <p>The duration of each lesson</p>	HKD3,000

					should be longer because some lessons were overran by half an hour.	
Microcomputer and Apps Design Course (Basic)	Learn more about the control of microcomputer and apps design skills	Form five ICT students	From 10/10/2018 to 5/12/2018 - Every normal school day on Wednesday, 3:20pm-5:20pm	<p>Students know more about Arduino and build a model car with the given hardware components.</p> <p>Students learn how to write an App to control the car.</p>	<p>Most students could finish the tasks and can control the model cars using mobile devices. The level of difficulty of this course is appropriate for senior form students.</p> <p>The duration of each lesson should be longer because many lessons were overran by half an hour.</p> <p>The model car is not reusable, it is suggested that students should pay for the equipment so that they can take the product back to home.</p>	HKD 2,800
Effective Study Skills Workshops for the Form five elite students	1. Help students better prepare for the public exam and the future path	8 Elite Form five students with academic performance	2 <sup>nd</sup> , 4 <sup>th</sup> and 5 <sup>th</sup> October 2018 From 15:30 to 16:45	<ol style="list-style-type: none"> <li>Students can learn how to manage their time better.</li> <li>Students can</li> </ol>	<ol style="list-style-type: none"> <li>Eight boys attended the 3-day workshops</li> <li>The attendance rate on the first day, second day</li> </ol>	HKD 6,900 (hire of service from EDIT Workshop)

	<p>2. Improve the techniques in problem solving</p> <p>3. Improve students' memory skills in making good performance of study.</p>	<p>ranging from position 1 to 60 in the whole form.</p>		<p>study in a more effective way.</p> <p>3. Students can memorize the knowledge more easily by using some graphics.</p> <p>4. Students can acquire more information of courses in Universities</p>	<p>and third day is 100%, 87.5% and 50% respectively.</p> <p>3. According to the report done by the service provider, about 100% of students found that the program was useful and satisfied with it, and 100% of students found that the trainer was professional, friendly and satisfied with his teaching. These showed that the workshops were meaningful and useful for students.</p> <p>4. Most students agreed that this workshop can inspire to think more on their studies.</p> <p>5. Reviewing the student feedback and the performance of the service provider, it is recommended to offer a similar programme next year.</p>	<p>Company Ltd)</p>
