Chan Sui Ki (La Salle) College --- Career and Life-Planning Grant 2021-2022

The plan is characterized by four features namely,

- (a) Developmental – from S1 – S6 with themes based on students’ needs at various stages
- (b) School-wide – not limited to career teachers, involving various school personnel and stakeholders
- (c) Diversified – from mass talks, small-group activities to individual counselling

It also based on the theoretical framework of life planning from Education Bureau:

The activities for lower form will be mainly about self-understanding development. As the students grow up, they will have more activities about career exploration. S3 students need to choose elective subjects while S6 students need to decide the career path / study path after they graduate. Activities for these two forms will focus on Career Planning and Management.
