

Evaluation Report on DLG-funded Other Programme (Gifted Education)
2019-2020

Programme title	Objective(s)	Targets (No./level/selection)	Duration/Start Date	Deliverables	Evaluation	Expenditure
Arduino and Maker Basic course	<p>To provide chances for students</p> <ol style="list-style-type: none"> To have fun experiencing circuit building and work on Arduino projects To have a very basic exposure to the STEM behind To develop an interest and curiosity in this area 	10 S4 and S5 students	15/10 to 19/12/2020 10 lessons (1.5 hours each)	The students are satisfied with the workshop	<ol style="list-style-type: none"> 10 boys attended the 10-lesson course The attendance rate was quite high. Some students were not able to attend all lessons due to SBA, sick leave or other school activities. Students found the program were quite challenging and they enjoy learning new things very much. With the use of lab sheet, students found easy to follow the procedure to construct a simple circuit and control the items in the circuit by the program set in the Arduino plate. 	HKD13,000
Effective Study Skills Workshops for the S.5 elite students	<ol style="list-style-type: none"> Help students better prepare for the public exam and the future path Improve the techniques in problem solving Improve students' 	7 Elite S.5 students with academic performance ranging from position 1 to 60 in the whole form.	15 th ,21 st and 22 nd October 2019 From 15:30 to 16:45	<ol style="list-style-type: none"> Students can learn how to manage their time better. Students can study in a more effective way. 	<ol style="list-style-type: none"> 7 boys attended the 3-day workshops The attendance rate on the first day, second day and third day is 43%, 57% and 43% respectively. According to the report 	HKD 8,000 (hire of service from Edvenue Ltd)

	memory skills in making good performance of study.			<p>3. Students can memorize the knowledge more easily by using some graphics.</p> <p>4. Students can acquire more information of courses in Universities</p>	<p>done by the service provider, about 67% of students found that the program was useful and satisfied with it, and 67% of students found that the trainer was professional, friendly and satisfied with his teaching. These showed that the workshops were meaningful and useful for students.</p> <p>4. Most students agreed that this workshop can inspire to think more on their studies.</p> <p>5. Reviewing the student feedback and the performance of the service provider, it is recommended to offer a similar programme next year.</p>	
Deep Learning Training Workshop for Elite S.4	1. To equip students with a series of effective study examination	5 Elite S4 students	2 nd , 3 rd and 9 th October 2019 From 15:30 to 16:45	1. Students can build up a quality of learning	<p>1. 5 boys attended the 3-day workshops</p> <p>2. The attendance rate on the first day, second day</p>	HKD 8,000 (hire of service from Edvenue Ltd)

Students	<p>skills</p> <ol style="list-style-type: none"> 2. To help students learn how to set goals 3. To help students to improve their intrinsic and extrinsic motivation 			<p>habit by news reading.</p> <ol style="list-style-type: none"> 2. Students can enrich what they have learnt in school regular lessons and link to daily life. 	<p>and third day is 60%, 40% and 60% respectively.</p> <ol style="list-style-type: none"> 3. According to the report done by the service provider, about 100% of students found that the program was useful and satisfied with it, and 100% of students found that the trainer was professional, friendly and satisfied with his teaching. These showed that the workshops were generally meaningful and useful for students. 4. Students agreed that this workshop can inspire to think more on their studies.
